---

Dennis,

ADOPTED IN OCTOBER -- 401Fee Increase

Status: The needed documents have been in Rule Development folder 7a since Dec. 11 (see attached email). There was confusion about what documents were needed from Steve to complete the filing, when Nicole was on back-up duty during Maggie's out-of-office time. This is ready to be filed.

ADOPTED IN DECEMBER -- Operator certification rule revisions

Status: DEQ originally submitted a Fee Approval Form to DAS on July 5, 2012 (which apparently got lost along the way) and then re-submitted the forms July 26. Six months later (January 7, 2013) DAS responds the form was "returned to DEQ some time ago." See attached email. DEQ is now trying to determine who may have the form at DEQ. We can't do the SOS filing until we have the finalized fee approval form.

Thanks.

Hello Chris, can you tell me where we are with these activities? I understand you have been working on the 2013 legislative report .

Hi Dennis,

I'm doing my monthly audit of our records. I'm a little out-of-the-loop since I have been on leave and Nicole has been out this week. While I was on leave, Nicole asked Chris to finalize the following EQC-adopted rules. We cannot collect fees from these rules until we file them with the Secretary of State.

- ADOPTED IN OCTOBER 401Fee Increase
- ADOPTED IN DECEMBER Operator certification rule revisions

We must notify DAS about adopted fees within 10 days of the EQC action.

I have not received a notice to file with SOS on either of these rules. Would you follow up with Chris on this?

Regards,
