Hi Maggie

I'm writing with regards to the post EQC SOS filing. I have placed the following 401 Fee Rule files in the rule_development shared directory in file 7a.

- ONE Word document, show insertions and deletions, ascending order by division then rules within the division
- ONE Word document, accept all changes, ascending order by division then rules within the division
- Word version of the EQC Staff Report as approved

Please take a look and let me know if you have any other questions. Thanks!

Cheers!
Steve
