Title 47--2007Amend-D11-JM.doc

Maggie:

I apologize for just getting back to you. I was out yesterday.

The Board had their hearing on the Open Burning – Title 47 rule on February 12, 2008. There were some minor changes after that meeting then the rule was adopted at the March 14, 2008 meeting. I do not have a word version of this document but rather a word perfect. I converted it to word and hope no formatting issues come up with it that are a problem in reviewing it. I noted that there are some strikeouts that are not redlined but let me know if I clarification is needed. It is attached.

All 4 of these rulemakings are different. This one, for instance, deals with one rule whereas the other three deal with multiple rules. I sent Nicole a packet in May of 2011 with much of the needed information. I can send whatever is needed for this time but the files are very large for the other three rulemakings so let me know what you need and it may require me burning a CD and mailing it up to DEQ or some other means of sending the rather large packets.

I look forward to working with you on this and am anxious to meet the deadlines and get this SIP process completed. Let me know what is needed.

Regards-

Robbye Lanier - Environmental Technician

Subject: RM-LRAPA: request for redline as adopted by Board

Hi Robbye,

With Nicole out, I am working on the bundle of 2008, 2010 and 2011 LRAPA rulemaking actions. The current schedule is to submit the Notice Packet to Secretary of State on March 15 for publication in the Oregon Bulletin on April 1.

Could I have a Word version of the four rulemakings as the Board of Directors adopted, amended or repealed? The Title 47 raises flags because it say's draft and it includes a date different from the date the Board amended the rules.

TITLE 47

Open Burning

PROPOSED AMENDMENTS

DRAFT #10

FEBRUARY 29, 2008

I'm working on a template that I hope will make this process a little clearer for all of us. This afternoon, I am sending the draft template to Department of Justice for their initial input. I'm using Title 47 Open Burning as the example but I have a placeholder for the redline rules that the Board of Director's adopted.

Call me if you have any questions or concerns.

Regards,
