Maggie-

Attached is the redlined version of Title 47 that was prior to the one you are reviewing. Perhaps this is what I should have sent as it would be the one from the hearing and the one I sent from the adoption. It must be the one the board looked at and recommend the changes incorporated in the 2-29-2008 draft you have. Sorry for any confusion.

Please let me know if there is anything else you need.

Regards-

Robbye Lanier - Environmental Technician
