Robbye:

January 22 or 23 at that time is preferable.

to the SIP. Your help filling out DEQ's Notice document was incredibly helpful.

Could LRAPA hold a hearing on January 13? What time do you prefer? Are you and Merlyn both available? I could remove your names and instead say "LRAPA staff". We typically hold hearings after close of business, but this is not a requirement. Considering this is a noncontroversial and low-interest rulemaking, a hearing during the workday afternoon would be okay.

This is the information we would publish about the hearing:
