Hi Kevin,

Do we need to amend your staff report and recommendation to include the following text from Larry K?

OK. Then I assume Kevin will work with Paul to get findings for that one as well. There aren't any substantive legal issues with either item. Procedurally, we just need to have a findings document prepared and the recommendations in the SR changed to say "approve the temporary rules in attachment A and adopt the statement of need and justification in attachment B." I think this step for temporary rule adoption was deleted when DEQ revised the staff report format. It is a statutory requirement, however, and can't be omitted even though that would be more efficient.

They just told us to put it back on the agenda.

Thanks. I Paul is working with AQD on getting findings for the temporary fee rule. I understand the diesel program rules are being pulled anyway for other reasons. LK
