Subject: EQC update on Diesel rule

Kevin and Stephanie,

Do you know whether EQC has already been notified that we intend to propose the diesel grants temporary rulemaking in October?

For noncontroversial rulemakings, we're moving toward giving EQC updates via a monthly report emailed to EQC from Dick. The monthly report is sent to EQC during months that we have no EQC meeting. This is an alternative to updating EQC in the Director's Dialogue at EQC meetings. The Director's Dialogue would be reserved for high-interest items.

It wouldn't make sense to update EQC about the diesel rulemaking in the September monthly report because they will have already received the Staff Report for the October meeting. If you want to include the item in the August Director's Dialogue, the dialogue is due to Stephanie Wednesday, August 7. As an alternative, Stephanie might suggest that you or she simply give EQC a heads-up by email in August for this noncontroversial rulemaking.
