Kevin, I'm ok with, and would prefer you to present in person.

Uri

I understand this is a relatively minor action on itself a non controversial matter but the underlying issue has greater significance and would prefer to do this in person unless there is now a general direction to not travel. Uri?

Kevin

Kevin, Are you going to propose the diesel grant rulemaking for adoption in person or by teleconference? Does October 16 work for you? The EQC meeting is in Tillamook and thankfully teleconference is an option now. Stephanie is creating the agenda. Please let me know by September 4.

Thanks!
Andrea
