Hi Andrea,
I assume we submitted ALL of division 218 as part of our Title V program. Do you have a file of what our Title V program consists of exactly?
Thank you,
Jill

I agree with Doug on all points. Thanks for checking.

Actually, you only need to submit the rule change to us if that provision was in the approved part of your program – it might not have been given that it is not a federal requirement. Someone should check to be sure.

My non-legal opinion is "yes, it's okay." Eventually, you'll want to submit the change to us (after it is final) to update your approved rules as part of your program approval.

Julie and/or Lucita?

Doug and Julie,
Do you think it's okay if we get rid of 340-218-0250?

Thanks and HAPPY NEW YEAR!
Jill

I think we can, but maybe we should run this by Doug Hardesty at EPA. I think he is still the Title V program contact; or, maybe Julie Vergeront is the contact for legal questions.

Hi Mark,
Should we just repeal 218-0250?
Thanks,
Jill

Hi Jill,

This needs to be revised since DEQ doesn't want or get LRAPA TV permits anymore. I believe it could be deleted entirely since DEQ delegates authority to LRAPA in OAR 340-218-0010(4):

340-218-0250

Permit Program For Regional Air Pollution Authority

Subject to the provisions of this rule, the Commission authorizes the Regional Agency to issue, modify, renew, suspend, and revoke Oregon Title V Operating Permits for air contamination sources within its jurisdiction:

(1) Each permit proposed to be issued or modified by the Regional Agency must be submitted to the Department at least thirty (30) days prior to the proposed issuance date.

(2) A copy of each permit issued, modified, or revoked by the Regional Agency must be promptly submitted to the Department.

Happy holidays!

Max
