Uri,

After consulting with Andrea this morning, we settled on a schedule to present the temporary rule on diesel grants to the October EQC meeting. This would need to get to Dick Pedersen by September 10. Since I am on vacation from mid August to September 4. We thought it best to front load the staff report review for July 23rd for first round and August 1st for second round. It won't take that long to review but finding time in people's schedules warrants allowing a week's time.

The issue is that HAMM doesn't meet again until July 24th. While it is possible to push those review times back by one week, would it be possible to have the HAMM approve moving forward with the temporary diesel grant rule by email on the schedule suggested?
