Andrea-

These rules packets were handled over a period that included changing from primarily paper mail-outs to primarily email-outs. We do send notice to our stakeholders which include permit holders. We did at the time of the rulemaking send out notice for each of the rulemaking packets.

I can forward that documentation if that is what you are requesting for each packet.

Thanks-
Robbye

Robbye,

Does LRAPA send notice of the rulemakings to stakeholders? To permit holders? By mail? By email? I see a document that is the official Notice for each of the rulemaking comment periods and hearings; however, I don't see documentation of who LRAPA sent the Notice to.

Good morning, Andrea-

I am just checking in with you regarding the LRAPA rules packets. You mentioned contacting me last week about documents needed for LRAPA rulemaking packets sent to DEQ in May 2011. Please let me know anything that might be missing.

Merlyn Hough (LRAPA Director) met Paul Garrahan (Assistant Attorney-in-Charge – Natural Resource Section) at the recent EQC meeting who stated he is reviewing some LRAPA rulemaking packets.

Thanks and have a great Monday!
