Amy,

EQC approved the proposal to incorporate LRAPA rules into the SIP. Let me know if you'd like any more info on that rulemaking.

Hi Amy, the Emission Guideline rules have been delayed and won't go to the EQC until October. Not sure about the LRAPA rules. Andrea, do you know? Jerry

Dear Mr. Ebersole,

My name is Amy Goldlust and I am regulatory counsel at Stateside Associates. As counsel, I monitor regulatory developments and rulemakings that are important to my clients.

I'm wondering if the Environmental Quality Commission came to a decision on the proposed rules to implement Federal Emission Guidelines and if you are aware if the Commission also came to a decision to Incorporate LRAPA rules into the State Implementation Plan. The Commission was supposed to vote to approve both of these items at its meeting held on 3/19-20/2014.

Any information or feedback you might be able to provide would be greatly appreciated.

Kind Regards,

Amy M. Goldlust
