Andrea, I've reviewed the 3 notices. I made comments in the PM2.5/GHG only, highlighted in green with my comments/questions in yellow. Jim may have further (or different) comments, but he is out until Monday. I am out of the office beginning tomorrow through Wed. of next week, so if you want to chat, I'm here for about another hour.

Subject: Review LRAPA Notices by August 12

Robin and Jim,

Would you two take a look at LRAPA's fiscal analysis? Please check out the three Notice documents on SharePoint in the "team review" category (here) and add changes or comments. I'd like your feedback by **Monday, August 12**. The rulemakings are Open Burning, Permit Streamlining, and PM2.5/GHG.

We're going to put the LRAPA rulemakings on public notice in September. We asked LRAPA to complete DEQ's Notice template and update their previous fiscal analysis. DEQ will propose that EQC incorporate LRAPA's rules into the State Implementation Plan.

Thanks!
