Carol, Can we ask someone attending the Mar. 12 HAMM to set up the projector and load Max's presentation?

Merlyn, Andrea and Carol:

Attached is a draft PowerPoint for the LRAPA rulemaking item scheduled for the March EQC meeting. I was successful in keeping it to less than a dozen slides but may not have been able to resist the use of sentences in a couple of places. The previous talking point attachment Andrea provided was the basis for the content of the slide information.

Please let me know if you have suggested changes or perhaps we can cover those as part of tomorrow's dry run. Thanks.

Max

Merlyn,

We're glad you can attend. Attached are draft talking points for the presentation. Feel free to edit them. It might be helpful to incorporate the concepts into PowerPoint at a high level (fewer than a dozen slides, no sentences). Consider sending the PowerPoint to Carol Thornberg before the March 5 "dry run". I asked Carol to send you the call-in information for the meeting. Let me know if you don't receive it and let me know if you have any questions.

Andrea:

Yes, Max Hueftle, LRAPA Permit Section Manager, and I are available on March 5th at 9-10am to teleconference for the practice session. Max is not available for the March 20th EQC meeting, so I will do the presentation there, but Max will be invaluable for the practice session. We have our Operations staff meeting on Wednesdays at 9am, so we will incorporate this into our agenda for March 5th; it should be of interest to all of our LRAPA Operations staff (Robbye, Colleen, John, Tom, Beth and Max) as well as to Sally Markos, LRAPA Public Affairs Manager.

Yes, we welcome your preparation of talking points. And would it be useful to incorporate those into bullet points on a few Powerpoint slides?

Thanks, Andrea.

Subject: Meet w/ DEQ Mar. 5, 9-10am

Hi Merlyn,

I have two questions for you. Before each EQC meeting, DEQ Air Quality managers meet with presenters to practice and discuss any presentations for air quality agenda items. The Air Quality managers think up questions that EQC members might have, and offer suggestions for the presentation.

Given that we have three LRAPA rulemakings going to EQC in March, is there any chance you could join the DEQ manager meeting on Wednesday, **Mar. 5** from **9-10 am**? I suspect this would take twenty five minutes of your time; you wouldn't need to attend the entire meeting. It's probably unnecessary to attend in person.
Would you give a brief "practice" presentation about the LRAPA rules at that meeting? I'd be happy to write up some talking points for you, and I suspect a ten minute presentation is adequate to tell the story.

Please let me know.

Thanks,

Uri,

Merlyn is presenting the LRAPA rulemakings to EQC at the March meeting. Would you like Merlyn to join an upcoming manager meeting for a dry run? Like Andy used to join staff, are you planning to participate w/ Merlyn at the EQC meeting?

Thanks,
