My apologies. Sorry again here is the final final version in word I believe in red-lined. This one is probably what the attorney needs to see.

Robbye

PS Thanks for your help and patience. ☺

Subject: Open burning rule changes

Hi Max, I'm looking for the redline/strikeout version of the open burning rules in Word – the version that reflects the additional changes made at the LRAPA board meeting.

I have a scanned copy of the proposed rules, attached, and it shows sticky notes of additional changes made at the meeting. I received a request from an attorney to view a clean version of the redline/strikeout rules, including the changes adopted at the meeting. I'll need this clean version of the redline/strikeout anyway, to include in the SIP submittal to EPA. I hope you can track this down.

Thanks,
