Ah! I think I added that comment before I moved the paragraph down below. I think it's fine as is, or as you currently have it. If you add bullets, it costs a lot more, and I think being more conservative is OK. What do you think?

Ok. I have accepted your changes and added a reference to the dates. The dates are listed in the paragraph below where you suggested and the EQC date would be March 20 or 21 2013.

I could bullet the information in that 3rd paragraph for better visual clarification?

…This rulemaking proposes adoption of four different rulemakings adopted by the LRAPA Board of Directors and effective at the dates adopted which include:

- March 14, 2008 – Open Burning (LRAPA Title 47)
- October 14, 2008 – Industrial Streamlining Rules (LRAPA Titles 12, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 40, 41, 42, 44, 46, 48, 49, and 50)
- January 12, 2010 – Industrial Streamlining Rules Updates and Corrections (LRAPA Titles 12, 13, 30, 31, 34, 37, 38, 40, and 44)

- April 25, 2011 – New Source Review, Particulate Matter and Greenhouse Gas Permitting Requirements (LRAPA Titles 13, 32, 34, 36, 37, 38, 40, 46, and 50)

The submission is for SIP purposes so the rules can be adopted at the state level and entered into the State Implementation Plan. Hearings and public comment periods were held during the rulemaking process at the time each of the packets were adopted by the LRAPA Board….
