Andrea-

Here is the last red-lined version of the Open Burning rules I can find but the copy with sticky note is the final revision done at the Board Meeting/Adoption Hearing on March 14, 2008 where there were changes added and that wording adopted. I attached the minutes from that Hearing and the clean version as adopted. I will try to find something else from that meeting without the sticky note if this information does not work.

Regards-
Robbye

Subject: Open burning rule changes

Hi Max, I'm looking for the redline/strikeout version of the open burning rules in Word – the version that reflects the additional changes made at the LRAPA board meeting.

I have a scanned copy of the proposed rules, attached, and it shows sticky notes of additional changes made at the meeting. I received a request from an attorney to view a clean version of the redline/strikeout rules, including the changes adopted at the meeting. I'll need this clean version of the redline/strikeout anyway, to include in the SIP submittal to EPA. I hope you can track this down.

Thanks,
