That's great – and the pagination of the reports and attachments is such that the reports are bundled together sequentially and all the rule changes are, technically and collectively, known as attachment A (ordered the same as the staff reports, with the SIP change as the final page).

Thanks!

Stephanie,

In the EQC agenda, if you haven't already, please replace my name with Merlyn Hough. Merlyn is presenting the LRAPA rulemaking with Uri, not me.

Thanks,
Andrea

Hi, all.

The internal agenda for the upcoming commission meeting is attached. You'll see that we have a social dinner tentatively scheduled for Wednesday evening, starting around 6 p.m. (the meeting will be done between 5 and 5:30). The location for dinner is not final, and I am open to suggestions for places that are near the office (10 blocks of walking), fall generally within the per diem for folks on travel status ($33 for dinner) and can suit a larger group (12-15). Let me know if you have a preference, and if you intend to join the commission for a short hello/beverage or snack or stay for the full dinner.

I will confirm reservation time and location once I have a general count.

This dinner is social and informal, self-pay and optional. Typically, it's been a collection of commissioners, staff and presenters, and it's more than open to any significant others or friends who may want to come along for the dinner and conversation. I understand that some folks may not be inclined or available for the evening social dinner, and it is truly optional and with no obligation.

Thanks, and have a great week!
- Stephanie
