Subject: Incorporation of LRAPA rules into the State Implementation Plan

Dear Ms. Gartenbaum,

My name is Amy Goldlust and I am regulatory counsel at Stateside Associates. As counsel, I monitor regulatory developments and rulemakings that are important to my clients, who wish to remain compliant and engage when appropriate.

A client of mine recently came across the DEQs proposed rules to incorporate Lane Regional Air Protection Agency (LRAPA) rules into the Oregon State Implementation Plan. Can you confirm that this rule, if implemented, will not have any effect on businesses operating in Oregon or pharmaceutical manufacturers, and therefore only effect residential open burning? Any information would be greatly appreciated. I look forward to hearing from you.

Thank you kindly,

Amy M. Goldlust
