Richard and Ali,

In the e-mail below is a link to a rulemaking notice for the Oregon Clean Vehicle Rebate Program. As you'll see in the notice, the rulemaking is to correct an error in our existing rule and better align the rule with statute. I believe you both have been briefed on the rulemaking, but if you have questions, please reach out to Matt Davis or Sarah Armitage.

We are seeking approval to proceed with rulemaking and place the topic on the January EQC agenda. In order for us to make the January EQC, we need to file with the Secretary of State tomorrow. I apologize for the short notice.

Thank you for your attention and review.

Sincerely,

Michael R. Orman, PE*
Air Quality Planning Section Manager

A copy of the notice package is now updated and available. It has DOJ's comment incorporated, so we just need DEQ manager review at this point. It's on the Sharepoint site, under "Public Notice", "Subtopic", "Public Notice with DOJ comments incorporated".

Do you need me to circulate it to Ali, Richard and others for review? Just wanted to make sure I'm not dropping the ball. Many thanks to Sarah for writing the notice!

Subject: EVRebate 2019

Hello Sarah,

I talked with Michael and he said we should try to do the permanent rulemaking. I've requested a SharePoint site for this be created but until that happens I've placed copies of the notice and rules HERE. Meyer has updated the notice template again but it should be fairly strait forward to fill out.

Overview of the schedule:

- Internal review/ok from: Michael, Ali, Richard, and Comms (Jennifer) – Due Oct. 31
- File notice with SOS – Oct. 31
- Open comment period – Nov. 1
- Hold public hearing – after Nov. 15
- Close comment period – after Nov. 21

Let me know if you have any questions or need any help with this.

Emil
