Stephanie and Emil, here's the final draft staff report for the Clean Fuels Program temporary rule for your review. Paul Garrahan has commented approved. What's the schedule for finalizing through Wendy? According to the draft EQC agenda I have this would be Agenda Item N. Cory is traveling today but will be back tomorrow.

Wendy, would you like to meet with Cory and me to refresh yourself on this rulemaking? Cory & I have a dry run scheduled for April 13th from 2:00 to 3:30pm in Room 11. Would you like to attend? We're also happy to reschedule as needed if you'd like to participate. If you have any comments/questions on the draft staff report now it would be great to get them while Stephanie and Emil are also reviewing.

Questions?

Thanks all.

D
