David and Wendy, here is the draft notice of public rulemaking for the Clean Fuels Program Corrections 2016 rulemaking. This document draws entirely from the temporary rulemaking and the statement of fiscal and economic impact drafted for the fiscal advisory committee meeting. Since Paul Garrahan reviewed both of those documents, he said that he didn't need to review this specific version, but I can send it to him if you want me to.

I need your comments by COB Friday, June 10th. This version has already been reviewed by OCE, Matthew Vansickle.

Emil is drafting the invitation to comment, the govdelivery notice and the email to the legislators. Everything will get posted on Wednesday, June 15th. The public hearing is scheduled for July 20th at 10:00 am with the comment period ending on July 21st at 4:00 pm. This is set to go to the EQC at the August 17-18 meeting. Please let me know if you have any questions.
