Hi All,

Thank you to Paul and Emil for reviewing the art glass docs, and George for your continuing work. I've merged Paul's comments and edits into the Sharepoint version, so it's all together in one place there.

If you have yet to review, the current version of these docs is here (same links as before):
http://deqsps/programs/rulemaking/lq/airtoxics2016/docs/artglass2016.staff.report.permanent.docx
http://deqsps/programs/rulemaking/lq/airtoxics2016/docs/artglass2016%20revised%20rules%20simple.docx

Please provide your review and comments before our meeting tomorrow at 2pm.

-Joe

Attached are my proposed edits and comments, in redline, for your consideration. I look forward to discussing these on Thursday. I'm also happy to discuss any of these comments and suggestions before Thursday with anyone, if you would like.

Subject: for your review: draft staff report and rule language for art glass rule EQC package

Hello All,

We're reaching the home stretch on the art glass rule. Our proposed rule language and staff report will be emailed to the EQC and go public on Thursday, 9/15.

We have drafts of both documents and they are ready for review:

1. Staff report: http://deqsps/programs/rulemaking/lq/airtoxics2016/docs/artglass2016.staff.report.permanent.docx
2. Rule language: http://deqsps/programs/rulemaking/lq/airtoxics2016/docs/artglass2016%20revised%20rules%20simple.docx

Please review before our meeting next Thursday, 9/8 from 2-4pm. If possible, check the document out and make your edits in track changes mode in Sharepoint. If there are issues with checking in / checking out etc let me know. If you see big changes needed, please let George and I know as soon as you can.

Apologies for the inconsistent formatting in the staff report. I will be asking Emil for forgiveness and help to get that shipshape before submitting the final version.

-Joe

Ps- here are some previous documents, if you want to compare:

- Public notice packet that went out for public comment
- Temporary rule language
- Public comments on this rule
