Hi All,

The draft Notice of Rulemaking for the permanent art glass rule is ready for your review.

If possible, please make your edits and comments to the version on Sharepoint:
http://deqsps/programs/rulemaking/lq/airtoxics2016/docs/artglass2016.rulemaking.notice.docx

Please view in 'All Markup' mode in Track Changes so you can see the comments.

If you don't have access to the version on Sharepoint or it's checked out when you need it, let me know and I can email you a copy or otherwise accommodate. A copy of the Appendix A tables are attached as PDF.

We have a hard deadline to submit this at the end of the day Wednesday, so let's pull this together as best we can.

Thank you for your help!

-Joe
