What do you two think of getting rid of the following note?
[Publications: Publications referenced are available from the agency.]

Seems like with the internet these days, anyone can find what they need and not get the publications from us. I don't want to provide a link on that note because I know we won't maintain the link and to me that's worse than having no link.

Thanks,
Jill

P.S. Thanks for the addition of the tables and figures, Maggie. I'm up to 604 pages now ☺!
