No, as long as you made the requested changes, they should be ok to publish.

Thanks for checking.

And thanks also for closing the comment page on sippm2.5.

Hi Meyer,

I'm working on the latest updates – would you like to preview them again, or should I publish it?

Lia

Subject: RE: wqfee2015p pages

William had a couple of changes to draft web pages:

One edit to rwqfee2015p:

DEQ proposes rules to increase water quality fees by 12 percent, effective Jan. 1, 2016, for individuals, businesses and government agencies that hold the following permits:

William also wanted to add a link on the awqfee2015p page, that links to a related committee:

> Request for link added to awqfee2015p – Can we link to the existing Blue Ribbon page as well? Suggesting something like:

"The Blue Ribbon Committee on Wastewater Permitting is DEQ's standing committee for permit fee increases and permit-related issues.

For more information about the committee visit DEQ's Blue Ribbon Committee webpage. " (link: http://www.oregon.gov/deq/WQ/Pages/Water%20Quality%20Permits/blueribbonprogress.aspx)

Thank you.

Hi Meyer,

Let's try this new system. Can you please take a look at the new pages. The advisory Comm. page doesn't have much content. Links will not work because pages are not published. Other than that, I think I followed your instructions. Let me know what needs to be fixed.
