Hi Greg,

Thanks for your prompt review of the Staff Report. There are two other documents: 1) The "crosswalk" which demonstrates to EPA that DEQ has the capacity to enforce the rule we are adopting; and 2) The Interstate Transport report which is required by EPA to demonstrate that this rule amendment does not have an adverse air quality effect in neighboring states. I attached the Staff Report and Proposed Rules again in case you want to reference them during your review. Thanks again.
