Ok, thanks Meyer. I'm anxiously waiting on David Collier. I need to the rule package to Stephanie today as I'm not in tomorrow. In what format do I send these documents to Stephanie? Thank you.

When everyone has finished their review of the Staff Report, rules and supporting documents, you need to create final versions by:

- Create a clean, final version of the staff report, infrastructure document, and crosswalk by:
  - Addressing and deleting all comments
  - Accepting or rejecting all proposed edits
- Create a final version of the rules by:
  - Addressing and deleting all comments
  - Rejecting all proposed edits you do not want to keep in the final rules
  - Leaving as is, in redline/strikeout (blue insertions/red deletions), all insertions and deletions you want to keep for the final rules
