Oh dear! What day did you originally file this? If it was before October 16, then I am not sure I can include it, as that Bulletin and likely the rule itself would have been published and effective. Perhaps someone will get back to me while you are out and know the filed date. I will do some digging around here.
Thanks, Meyer-

Colleen,

I will explain this by saying I am leaving today for three weeks of vacation and I was trying to finish a million things at work before I left. You had contacted me because I didn't send you the whole of these rules when I filed them. When I sent you the updated version, I forgot to include the newly adopted changes in 340-250-0030. So this is the actual, genuine, truly adopted version of these rules.

At least you won't have to hear from me for three weeks.
