Thanks Meyer – I will aim to revise the cut and pasted sections tomorrow. Will you check the document back in?

Thanks again!

I am not going to finish reviewing the staff report for now. There are multiple sections that need to be cut and pasted from the notice. You can tell which sections these are because they have the same name as the sections in the notice, and have the warning box at the beginning of the section telling people they already reviewed and approved the wording in the same section in the Notice. Please let me know when this is done and I'll go back to reviewing the report.
