Subject:	EQC: Potential special meeting - availability check for one hour (May 5)
Date:	Tuesday, April 26, 2016 16:43:36

Hello, commissioners.

Due to a potential technical change to methodologies used in testing, DEQ may need to propose an amendment to the recently-adopted temporary rules for colored art glass manufacturers.

Please let me know if you have up to one hour available for a potential special meeting next **Thursday, May 5,** between 8:30 a.m. and 4:30 p.m. We intend to hold this meeting at DEQ's headquarters downtown and are able to have the meeting with some commissioners in-person (if available) and others by phone.

If we can achieve quorum (three commissioners) we will post public notice and documents well before the mandated 24-hour notice period.

Thanks,
Stephanie
