Stephanie,

Here are the documents for the temporary air toxics rule for next week's meeting. They are all on this SharePoint page:

- http://deqsps/programs/rulemaking/aq/aqtemprule2016/default.aspx

- staff report
- redline rules
- clean final rules
- summary of comments and responses

The word versions of the documents are on the same pages. I suggest, after you make the combined PDF, making bookmarks to the beginning of each document and adjusting the pdf properties so that the document opens with the bookmarks visible.

Thanks.
