Can do.

The email will go to:

- EQC agendas
- Rulemaking
- Air toxics (statewide)
- Portland Air Toxics

Just got the go-ahead that we're live on the site, expect an email from me in just a sec to the commission and presenters, then GovDeliveries as noted

Stephanie,

Since you are sending a govdelivery, do you want to include the rulemaking topic as well; there is also an air toxics topic.

Sounds good – maybe we can redirect from the EQC posted materials?

Joni is reviewing the final packet now, ready to post as soon as she gives her ok. I did not include the comparative table in the report and recommend that we have it as a handout at the meeting.

Leah and George (and now Meyer) are copied on the email I will send to EQC as soon as materials are posted. Following that send-out, I will issue my GovDelivery email to agenda update subscribers. Jennifer Flynt is on the first/EQC email send-out, too, so she'll have links for whatever communications plan you all worked out.

I forgot we had created this page to accept comments on the temp rule:

- http://www.oregon.gov/deq/RulesandRegulations/Pages/2016/Rtoxics2016temp.aspx

It has the previous version of the rules and staff report posted. I can have those taken down. But do we want to post the current draft rules? Stephanie will post them when she has finished reviewing the staff report.
