Stephanie,

I am out of town starting tonight so…….

1. The documents will be on SharePoint here in the EQC preparation topic. There will be two documents (staff report, proposed rules) and possibly a third. I'm not sure if third document is going into the staff report or if it will stand alone. George, Leah and David will need to decide that and one of them will let you or Meyer know.
2. George/David will tell Meyer when the documents are ready for his review….probably tomorrow morning.
3. Meyer will tell you when he is finished tomorrow and the documents can be pulled for EQC.
4. Meyer will send the documents to the people that attended the March EQC meeting when he does the Gov Delivery notice so can you send the link to the EQC page that has the documents?

I can be reached by my cell phone (503)869-3690 tomorrow.

Thanks!
Jill
