---

Hi Jeff,

Please find attached a revised *2023 Annual Groundwater Monitoring and LNAPL Removal Report* for the Terminal 4 Slip 3 upland site. It has been revised consistent with DEQ's March 21, 2024 comments and the Port's responses to those comments, which is also attached.

Feel free to follow-up with any questions.

Thanks,
Kelly

Subject: DEQ Comments on 2024 Annual Report for Terminal 4 Slip 3 (0272)

EXTERNAL EMAIL:

Kelly-

The Department of Environmental Quality (DEQ) has completed review of the Apex report titled *Annual 2023 Groundwater Monitoring and LNAPL Removal Report, Terminal 4, Slip 3 Upland Facility* dated February 14, 2024. DEQ provided EPA and the Tribes an opportunity to review the report and DEQ's draft comments, and they declined to provide additional substantive comments.

If you have questions, please contact me.

Respectfully,

Jeff K. Schatz, R.G.
Project Manager and Hydrogeologist
Department of Environmental Quality
