3. Briefly explain why you wish to serve the community in this capacity and what prior experience, community service, or background you have in this area. Attach additional sheets if necessary: _____

I'd like to serve the community of Brookings as a city council member because as a lifelong Oregonian and resident of Brookings since 2004, I feel strongly that our Wild Rivers Coast is one of the finest areas in the country to live and I'd like to be involved in working toward insuring that it remains that way. Being that my wife and I are raising our children here, we are deeply vested in providing them the best life possible which includes involvement in our schools, community youth sports, and enjoyment of our public parks and beaches. My wife is a full time faculty member at the Brookings SWOCC campus and I am a full time Realtor at Century21 Agate Realty. She helps out with community events hosted at the college, and I volunteer coach youth soccer and tennis seasonally.

4. Tell us about your education, employment, volunteer activities, etc. Attach additional sheets if necessary.

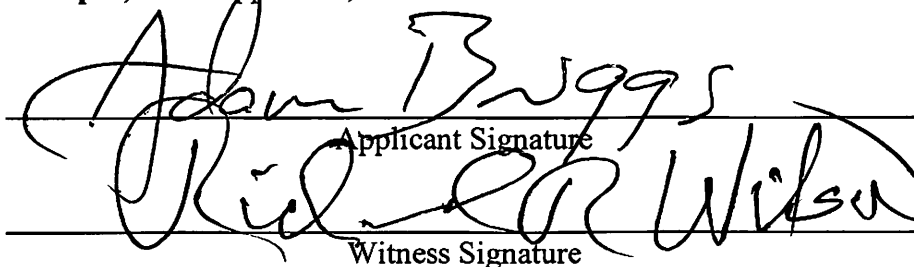

My education and work experience have been diverse. As an undergrad, I was a Spanish Major and studied at two different universities in Mexico totaling a year and a half abroad. During that time, my appreciation of the Latin culture was reinforced and I have enjoyed teaching Spanish at SWOCC in years past. As a graduate student at Southern Oregon University, I earned a Master in Management degree and upon graduation went to work for a large property management company in Portland working as a site manager at Section 42 Tax Credit properties. That eventually lead me to Brookings to take employment as the site manager of the Azalea Reach Apartments by Kid Town. Then, in 2005 my wife and I bought a lot in town and I built the home we still live in today. Since then, I've worked as a superintendent on large apartment complex rehabilitations (construction projects) in Crescent City and Washington state and from 2008 to 2011 I was the Safety and Facility Manager for the Yurok Tribe responsible for running the maintenance department and overseeing construction projects. After working for the tribe, I went back to working as a Carpenter for a local contractor and last January of 2015 I became a Realtor / Broker for Century 21 Agate Realty which I'm enjoying very much.

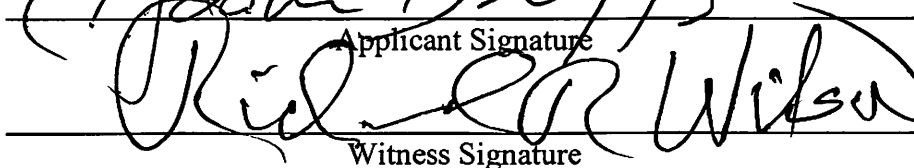

5. It is my intention to donate voluntary services for the City of Brookings (hereinafter "City") as follows:

I intend to serve as a non bias open minded individual who understands the importance of teamwork and collaboration among stakeholders for any given project. I plan to be punctual and attend all required meetings and seminars. I will also continue to educate myself on matters of city business to better serve the community in the years to come.

6. I acknowledge that I will not be under the direct supervision and control of the City in connection with the voluntary services described herein.
7. I acknowledge that no compensation will be paid by the City in connection with the services described herein.
8. I authorize the City to contact the listed references and any other contacts as may be developed through those contacts, as well as the Curry County Election Office to verify that I meet the residency and voter registration requirements as stated herein and understand that these contacts will be made prior to appointment to the position for which I have applied.
9. I understand that I may be required to verify any information provided in this application and declare that the information provided herein is true and accurate and I have not withheld any information relative to this application.
10. I understand that any misrepresentation or omission, as well as any misleading statements or omissions in this application, and in any related attachments, may result in my being considered ineligible for the position to which I have applied.
11. I hereby release the City from all matters relating to such voluntary service, including compliance, if any is required, with social security, withholdings, insurance and all other regulations and reportings governing such matters.

By signing this application voluntarily and in the presence of the witness whose signature is shown below mine, I, (print name) Adam Briggs do hereby acknowledge that I have read, understand and agree to the terms and requirements as listed herein. I also understand that upon signing, this document will become public information to be presented to the City Council and to the general public as part of a regular City Council Agenda packet and that I will be interviewed by the City Council at the regular City Council meeting to be held on Monday, **January 25, 2016** at **7:00pm**, and if appointed, will be sworn in and seated that same evening.

Question 3 Why I wish to Serve

Community service is very important to me. My life has been blessed, and now is my time to return to the community. An example of my work is the creation of Brookings Community Kitchens, an organization designed to serve Vietnam veterans who were homeless and hungry. It took on a life of its own, and now serves those who are on fixed income, unemployed or underemployed. Our Kitchens serve 1,000 hot meals each month, which makes a positive difference in our community.

In addition to Community Kitchens, I also serve as a volunteer chef for any organization that is active in the community. I have supported events for the Chamber of Commerce, the Soroptimist Club, The Outreach Gospel Mission, and Brookings-Harbor Rotary Club, to name some.

I worked closely with Brookings Harbor School District and have helped implement programs to feed hungry school children and raise money for Azalea Middle School's Music Education.

I believe that my deep commitment to the residents of Brookings and to preserving and improving the quality of life here, make

With respect to my prior experience, community service or background in this area:

RE: Dennis Triglia for City Council Position #4

Dear Brookings City Council:

I am writing to wholeheartedly recommend Dennis Triglia for the position of City Council member #4.

I met Dennis while volunteering with the Azalea Park Foundation. His strong experience with organizational management was immediately apparent in this work. He helped the Foundation wade through hundreds of pages of documents to find some key information for by-law decision making. It was immensely helpful for us to find this information and to follow Dennis's advice to move forward with the Foundation. I can't express how thankful I was for his insight and wisdom while working with him.

Since our experience together volunteering for the Azalea Park Foundation, Dennis and I have become good friends. I know him to be a warm, caring, likeable person with a very professional demeanor. Living in Brookings for only 2 years, he has managed to delve deeply into volunteering with the community, with the Master Gardener's and beyond, making many friends, supporters and collaborators along the way.

Dennis has a unique perspective and an open-mind that will serve the Brookings City Council very well. He will breathe new life into the City Council with his ability to fundraise, organize and build community momentum.

Again, I am writing to personally recommend Dennis Triglia for City Council position #4. He will be a great value to the Council.

With Respect,

City of Brookings

CITY OF BROOKINGS

COUNCIL AGENDA REPORT

Meeting Date: January 25, 2016

Originating Dept: PW/DS

Public Works/Development Services Director

City Manager Approval

Subject: Regulating solicitation of money by transients.

Recommended Motion: Move to direct Staff to craft an Ordinance for Council approval to implement proposed additions to Brookings Municipal Code Chapter 9.10, Offenses and Chapter 10.20, General Regulations.

Financial Impact: \$163.00 material and labor per sign, minimum 6 signs.

Background/Discussion:

There has been an increase in soliciting of money by transients within the Brookings city limits over the last year. Much of this activity occurs at or near the intersection of 5th Street and Chetco Avenue and at the entrance to Fred Meyer. This activity creates a distraction for drivers, increases vehicle congestion and is recognized as a public safety issue.

Many jurisdictions have implemented ordinances to control solicitation. Implementation of a similar ordinance by Curry County resulted in a significant decrease in solicitation at the shopping centers in Harbor which coincided with increased activity in the City.

Staff proposes the following language be added to BMC 9.10 and 10.20 respectively;
9.10.345 Abusive Solicitation

(1) Abusive Solicitation. No person shall engage in abusive solicitation as defined in this section. A person shall not be deemed to be in violation of this section when he or she passively displays a sign unless that person takes abusive action to obtain and/or retrieve an item of value from another person caused by the sign being displayed.

(2) Definitions. The following words or phrases as used in this Chapter shall have the following meanings:

(a) "Solicitation" means an in-person request made to obtain an immediate donation of money or other item of value.

(b) "Abusive Solicitation" means engaging in conduct, including but not limited to the following listed conduct, intentionally, recklessly or knowingly, with the effect of either placing the solicited person in reasonable apprehension of imminent physical harm, or with the effect of provoking or likely to provoke an imminent violent or disorderly response from the person being solicited:

(1) Continuing to solicit once the person being solicited has declined the request;

(2) Blocking or impeding the passage of the person solicited;

(3) Following the person solicited by proceeding behind, ahead or alongside of him or her after the person solicited has declined the request;

(4) Touching the solicited person without the solicited person's consent;

(5) Using words, signage, gestures, and/or actions which are offensive or threatening.

(3) Penalties. Any violation of the provisions of this ordinance constitutes a violation of Brookings Municipal Code and subject to Section 1.05, General Penalty.

(4) Severance. If any section, sentence, clause, or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, it shall in no way effect the validity of any remaining portions of this law.

10.20.145 Unlawful transfer

A person commits the offense of unlawful transfer if the person:

(1) While a driver or passenger in a vehicle on a highway, road or street within the boundaries of the city of Brookings, gives or relinquishes possession or control of, or allows another person in the vehicle to give or relinquish possession or control of any item of property to a pedestrian; or

(2) While a pedestrian, accepts, receives or retains possession or control of any item of property from a driver or passenger in a vehicle on a highway, road or street within the boundaries of the city of Brookings.

(3). This subsection does not apply if the vehicle is legally parked. This subsection also does not apply to persons participating in a "Pedestrian Activity," as defined in OAR 734 Division 58, for which a permit has been issued by the Oregon Department of Transportation, so long as all terms of such permit are being met.

(4) Penalties. Any violation of the provisions of this ordinance constitutes a violation of Brookings Municipal Code and subject to Section 1.05, General Penalty.

(5) Severance. If any section, sentence, clause, or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, it shall in no way effect the validity of any remaining portions of this law.

Policy Considerations: In keeping with City Council 2015 Short Term Strategic Plan, Goal 2; A Safe Community

CITY OF BROOKINGS

COUNCIL AGENDA REPORT

Meeting Date: January 25, 2016

Originating Dept: City Manager

Signature (submitted by)

City Manager Approval

Subject: Downtown Master Plan

Recommended Motion:

Motion to proceed with a downtown master planning process as outlined in the January 11, 2016, Council Agenda Report.

Background/Discussion:

At the City Council November workshop, the City Council indicated an interest in pursuing either an update to the existing Brookings Downtown Master Plan or the development of a new Plan. Staff was provided with direction to return to the Council with a proposal.

A Brief History

The Brookings Town Center Revitalization Study (known as the PROUD Study) was developed in 2000 and included the following Vision Statement for Brookings ten years later:

"In 2010 Brookings downtown offers an interesting and rewarding pedestrian experience while presenting a wide variety of goods and services to both residents and tourists. This area reflects community pride, history, and prosperity through attractive, well-kept businesses, signage and landscaping. The public areas in downtown encourage people to park their cars and walk around and include convenient and well-maintained parking lots, streets, sidewalks, and underground utilities. The downtown is a vital hub which reflects a real "home town" atmosphere enjoyed by everyone."

The PROUD Committee consisted of property and business owners within the study area, representatives from a group called Businesses for a Better Brookings, community residents, utility providers, a representative of the City Council, Planning Commission, Chamber of Commerce, ODOT and City staff. The PROUD Study was used as a basis for the preparation of the Brookings Urban Renewal Plan and the Downtown Brookings Master Plan in 2002.

The 2002 Downtown Master Plan narrative begins with the following:

"The Downtown Brookings Master Plan is a tool to help both revitalize and celebrate the core area of Downtown Brookings, improving the experience for both residents and visitors to downtown. Much of the work in the Master Plan builds upon work established and completed in the PROUD Study adopted in July 2000. The Downtown Brookings Master Plan provides the framework for aesthetic and economic development, and includes specific improvement projects, policies and implementation strategies."

While never formally adopted by the City Council, design recommendations for light poles, street furniture and street trees contained in the Plan were used as guidance for the purchase and installation of such facilities in conjunction with the Chetco Avenue improvement project completed in 2007. Other elements of the Plan that have been implemented included the conversion of Fern Avenue and Willow Street to one-way traffic with diagonal parking. The Plan also called for the reconstruction of Railroad Street “improved with wide sidewalks, landscaping and dedicated bike lane”; a design standard being used today in the preparation of plans for the 2018 Railroad Street improvement project.

The Downtown Master Plan was developed through a collaborative process involving the City Council, Planning Commission, City Staff, Urban Renewal Advisory Committee, ODOT and 78 listed community members. No current members of the City Council or Planning Commission are recorded as having participated in that process, and only two of the 13 listed staff members participating in that process remain with the City.

In preparing the Plan, the City retained consulting services...RBF Design Studio...to provide design advice, prepare graphics, facilitate meetings and write narratives.

Going Forward

The City Manager recommends utilizing existing City staff to engage the community in a renewed downtown master plan process to include a review, validation and revision of the 2002 Master Plan. We have substantial design resources available in-house. The two staff members who would lead this process would be Parks/Technical Services Supervisor Tony Baron and Management Analyst Chrissy Bevens. Baron is a long-time Brookings resident who has a Master of Architecture degree and professional design experience. Bevens has 15 years of experience in community development, parks, transportation and environmental planning and holds a Master of Education degree. Having facilitated the development of downtown master plans in two cities, the City Manager will assist in facilitating this process.

Grant funding would be sought to retain the services of a Main Street Program consultant to advise community stakeholders on integrating downtown design with marketing strategies. Funding would also be sought to assist in defraying the cost of public meetings and meeting materials.

Staff believes that this planning activity needs to be broad-based, with maximum public participation. The City Council, all City commissions and advisory committee, as well as a broad group of stakeholders including merchants, property owners and residents should be engaged in this project.

Staff has developed an outline for nine community workshops (attached). This outline may be adjusted as the process proceeds. Staff believes this will be a 12-month project. The community workshops would be followed by a series of joint meetings between the City Council and the Planning Commission who will provide the policy direction to staff for the development of the final Plan document.

Among the resource documents that will be utilized by staff:

- “Street Graphics and the Law”, American Planning Association.
- “Community Heart and Soul Field Guide”, Orton Family Trust.

- “Placemaking on a Budget”, American Planning Association
- “Downtowns; Revitalizing the Centers of Small Communities”, Michael Burayidi.
- “Niche Strategies for Downtown Revitalization”, Downtown Research and Development Center.
- “Characteristics of Successful Downtowns: Shared Attributes of Outstanding Small and Mid-Sized Downtowns”, Cornell University.
- Various publications from the National Trust for Historic Preservation, National Main Street Center.

Mayor Hedenskog opened the quasi-judicial public hearing in the matter of file ANX-1-14 at 7:04 PM.

Under ex parte, Councilor Pieper and Mayor Hedenskog stated that they had driven by the property and Councilor Hodges said he had been on the property. Hearing no declarations of conflict or personal interest, or objections as to jurisdiction, Mayor Hedenskog reviewed the guidelines, entered Exhibits B1-B6 into the record and Planning Manager Colby-Hanks reviewed the staff report.

Dan O'Connor, representing the applicant, said they were requesting 14 days to address the 1800 page document submitted that day. He also said that Exhibits B1 – B6 introduced new issues that were outside the scope of the LUBA remand. He then addressed the Goal 16 impact assessment and the applicant's findings.

Public Testimony:

In opposition:

Mark Sherwood, 320 Railroad, generally stated that the Native Fish Society didn't think the estuary would be protected and felt that without some sort of enhancement, the application was insufficient.

Yvonne Maitland, 15276 Oceanview Drive, generally stated that the close proximity of development could have an adverse impact on the estuary due to road slippage and storm water run-off as it is in the flood and tsunami inundation zone.

Catherine Wiley, 96370 Duley Creek Road, generally stated that, despite issues with the Borax/Rio Tinto development, the City agrees with the applicant, and that water withdrawals, storm water run-off and effluent spills impact the estuary.

Carl Page, 12580 Hwy 101, Smith River, California, stated his concerns regarding the effects of development on the remaining floodplain, water quality, estuary and recovery efforts for coho salmon.

As an interested party:

Andrew Orahoske, 517 Chetco Avenue, generally stated that Council should deny the annexation as the property it is too close to the water; salmon fishing is important to the economy, coho salmon is near extinction in the Chetco River and the estuary is one of the last chances to protect this species.

(Written versions of the testimony presented herein are contained in file ANX-1-14)

In rebuttal, Tribble stated that very small areas of the property are in the flood plain and O'Connor pointed out that these are only in undeveloped areas.

A short break was called to allow the City Attorney an opportunity to research the process for providing written testimony.

Following the break, the process for submitting written testimony was outlined as follows:

- Additional testimony could be submitted until 4:30 PM, Monday, January 18;
- Rebuttal to the additional testimony could be submitted until 4:30 PM January 25;

In opposition:

Mayor Hedenskog said they'd considered all the input they'd received and had incorporated it into the ordinance and he thought that Bergmann would be pleased with the results. Colby-Hanks then entered Exhibit J into the record.

The public hearing was closed at 8:50 PM.
