All,

Your SharePoint page is set up, the link is below. Only myself and Emil, Leah, Jill, George, Sarah, Dick, Joni, Wendy and Lydia currently have access to the page. Please let me know if someone else should have access.

I loaded a draft of the current rules, in the Planning section, and a blank template for the staff report in the EQC Preparation section. Please let me know if you need anything else. If you are not familiar with how to use SharePoint, there is information here:
