1. August Yard of the Month
 - a. Best Residential – Nina Bowman, 913 Timberline Drive
 - b. Best Commercial – True Elegance Antiques, 513 Chetco Ave.

E. Oral Requests and Communications from the audience

1. Public Comments on non-agenda items – 5 minute limit per person.*

F. Staff Reports

1. Approve purchase of a new street sweeper [PWDS, Pg. 3]
 - a. Record of Quotes [Pg. 4]
2. Support for funds to restore Coastal Zone Management Grant [Planning, PWDS, Pg. 5]
 - a. Revised letter to Governor Brown [Pg. 6]
3. Memorandum of Understanding with Brookings Harbor Garden Club [Parks, Pg. 7]
 - a. 2016-17 Memorandum [Pg. 8]
4. TPAC funding for Vet Fest [City Manager, Pg. 10]
 - a. Proposal [Pg. 11]
5. Park Fees Waiver [City Manager, Pg. 17]
 - a. Letter from Vietnam Veterans Chapter 757 [Pg. 18]
 - b. Park Use Application [Pg. 19]
6. Indian Home Agreement [City Manager, Pg. 23]
 - a. Letter Agreement [Pg. 24]
7. Blue Zones Agreement [City Manager, Pg. 27]
 - a. Blue Zones Information [Pg. 28]

- b. Draft Letter [Pg. 45]
- 8. Harbor Sanitary District Agreement [City Manager, Pg. 46]
 - a. Rate Structure [Pg. 48]

G. Consent Calendar

- 1. Approve Council minutes for July 11, 2016 [Pg. 51]
- 2. Approve Council minutes for July 25, 2016 [Pg. 53]
- 3. Accept Parks and Recreation minutes for May 26, 2016 [Pg. 56]
- 4. Accept TPAC minutes for June 16, 2016 [Pg. 58]
- 5. Accept Planning Commission minutes for July 5, 2016 [Pg. 60]

H. Informational Non-Action Items

- 1. July Invoices [Pg. 63]

I. Remarks from Mayor and Councilors

J. Adjournment

*Obtain Public Comment Forms and view the agenda and packet information on-line at www.brookings.or.us, at City Hall and at the local library. Return completed Public Comment Forms to the City Recorder before the start of meeting or during regular business hours.

All public meetings are held in accessible locations. Auxiliary aids will be provided upon request with at least 14 days advance notification. Please contact 469-1102 if you have any questions regarding this notice.

CITY OF BROOKINGS

COUNCIL AGENDA REPORT

Meeting Date: August 8,

Originating Dept: PWDS

Signature (submitted by)

City Manager Approval

Subject: Approve purchase of a new street sweeper

Recommended Motion: Motion to authorize the City Manager to approve the purchase of a Tymco 2016 street sweeper from Pac West Machinery.

Financial Impact: \$154,645.00

Approved by Finance & Human Resources Director: 

Background/Discussion: After numerous trips to the repair shop this year it has been determined that at 22 years old (research on line indicates average life span of a mechanical street sweeper is 5 years), 11,100 miles and 3000 operating hours the street sweeper has reached the end of its effective lifespan. It has been unavailable on several occasions when ODOT and Curry County have asked for our assistance in sweeping their streets due to being in the shop for repair. We currently have a contract with ODOT for sweeping Highway 101 from Carpenterville Road to Benham Lane six times per year. Additionally, Curry County Roadmaster Doug Robbins has asked if the County could contract with us for sweeping Lower Harbor Road and possibly other heavily traveled roads in Harbor, as they do not have a sweeper.

Quotes were obtained from three (3) vendors ranging in price from \$154,645 - \$245,690.

Twenty thousand dollars has been set aside each year for the last few years in anticipation of replacing the street sweeper. Finance Director Janell Howard reports that there is \$80,000 available for a down payment and that the balance could be financed with Rogue Credit Union. The payments on the balance would not exceed \$20,000 per year making no impact on the yearly budget.

CITY OF BROOKINGS

COUNCIL AGENDA REPORT

Meeting Date: August 8, 2016

Originating Dept: Planning, PWDS

Donna Colby-Hanks 
Signature (submitted by)

City Manager Approval

Subject: Support for funds to restore Coastal Zone Management Grants.

Recommended Motion: A motion to authorize the City of Brookings to be included on a letter to Governor Brown supporting funds to restore the Coastal Zone Management Grants.

Financial Impact: No cost to the City at this time. Possible future restoration of grant funds to support the City's Planning program.

Approved by Finance & Human Resources Director: 

Background/Discussion: The City Council considered a request to include the City of Brookings in a letter to Governor Brown. The letter supports a request from the Department of Land Conservation and Development (DLCD) to have the Governor's budget for 2017-2019 include two Program Option Packages (POP) to fill a gap left by a reduction in federal funding. One request would provide state funds for planning assistance grants, although as proposed would not fully restore the grant funding. The other request would restore funding for two existing professional DLCD positions that are currently vacant and without funding will not be filled. Both of the positions provide technical and planning assistance to local governments. DLCD has numerous other requests for funding, however, the support letter does not involve any of the other requests.

The reduction in federal funding resulted from the Environmental Protection Agency determining that the Oregon Forest Practices Act did not meet the requirements for the protection of streams from non-point source water pollution from logging activities. Neither local jurisdictions nor DLCD have any control over the state regulations on this matter. Coastal cities and counties are bearing the brunt of the loss of the grants and assistance provided by DLCD staff.

After conferring with Bob Bailey, former DLCD staff and Oregonian Coastal Advocate Washboard Specialist, regarding the concerns raised by Council, the support letter has been revised to remove reference to the lawsuit. Bailey advised that the important thing is that the City supports the DLCD proposal for funds allocated to local governments for planning assistance.

Mayor Ron Hedenskog

August 8, 2016

Governor Kate Brown
State Capitol Building
900 Court Street, NE 160
Salem, OR 97301

Dear Governor Brown:

The Brookings City Council would like to express our strong support for two Program Option Packages (POPs) submitted by the Department of Land Conservation and Development (DLCD) for inclusion in the Governor's FY 2017-2019 budget.

One POP would include funds to restore planning and technical assistance grants to coastal cities and counties that were eliminated by the DLCD because Oregon's federal Coastal Zone Management (CZM) grant has been cut 30 per cent. Restoration of these grants is critical to enable coastal cities to address unique, difficult planning challenges and responsibilities due to our location on the Oregon coast. These issues include impacts from sea level rise, tsunami preparation, federal mandates, limited land for development, seasonal economies, and geographic isolation.

The second POP would restore funding for two staff positions within the DLCD coastal program, both of which are vital to providing technical and planning assistance to coastal cities and counties on issues such as estuary planning, natural hazards planning, and coastal geographic information systems. Coastal local governments, especially small cities, rely on the assistance provided by DLCD to help resolve complex coastal planning issues.

Coastal cities and counties are bearing the brunt of this loss of funds and we are struggling to maintain planning capacity necessary to meet local and state requirements and address crucial planning needs. Quite simply, we do not have the ability to make up this shortfall with local budget resources.

We urge you to include these two POPs in your budget and we look forward to working with you to advocate for them in the legislative budget process.

Sincerely,

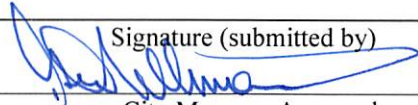

Ron Hedenskog
Mayor

CITY OF BROOKINGS

COUNCIL AGENDA REPORT

Meeting Date: August 8, 2016

Originating Dept: Parks

Signature (submitted by)

City Manager Approval

Subject: Memorandum of Understanding with Brookings Harbor Garden Club

Recommended Motion:

Motion to authorize the Mayor to execute a new Memorandum of Understanding with the Brookings Harbor Garden Club with respect to City property landscape maintenance.

Financial Impact:

\$3,000 annual cost of maintaining landscaped areas. 

Background/Discussion:

For the past 3 years, the Brookings Harbor Garden Club (BHGC) has been maintaining the City-owned landscaped area along Chetco Avenue between Ross Road and the Ray's Market driveway, and the landscaped area in the quad area of City Hall. These areas were previously maintained by City park staff.

The BHGC currently maintains the Botanical Garden located on ODOT property at the intersection of Chetco and North Bank Chetco River Road.

Under the new terms of the proposed Memorandum of Understanding (MOU), the BHGC membership will continue the responsibility for maintaining these areas for the next year and the City will provide the BHGC with a \$3,000 annual stipend. The City would continue to maintain the grass.

Attachment(s):

- a. 2016-17 Memorandum of Understanding with Brookings Harbor Garden Club.

**MEMORANDUM OF UNDERSTANDING
BETWEEN
CITY OF BROOKINGS
AND
BROOKINGS HARBOR GARDEN CLUB**

The parties to this Memorandum of Understanding (MOU) are the City of Brookings (CITY), an Oregon municipal corporation, and the Brookings Harbor Garden Club (CLUB), an Oregon non-profit corporation.

WHEREAS, CITY owns the landscaped area along the north side of Chetco Avenue between Ross Road and 5th Street;

WHEREAS, CLUB currently cares for and maintains that area located on Oregon Department of Transportation property known as the Botanical Garden;

WHEREAS, CLUB had demonstrated ability to maintain public landscape areas;

WHEREAS, CITY is restructuring the manner in which it maintains its public landscape areas and desires to work with non-profit groups in the maintenance of these areas;

WHEREAS, CLUB has expressed interest in partnering with the CITY in this regard.

NOW, THEREFORE, the parties agree as follows:

1.0 CLUB OBLIGATIONS

- 1.01. Provide pruning, trimming, weed removal, mulching and general maintenance for:
 - a. Brookings City Hall landscaped areas (south parking lot landscape areas, courtyard, north entry and landscape areas)
 - b. The landscaped area along the north side of Chetco Avenue between Ross Road and 5th Street.
- 1.02. Maintain plants, shrubs ground cover and trees
- 1.03. Perform general litter clean-up as needed.
- 1.04. Remove all vegetation debris and haul to the Public Works upper yard located at 715 Railroad Street.

2.0 CITY OBLIGATIONS

- 2.01. Provide and maintain all irrigation systems and water service.
- 2.02. Mow all grass areas
- 2.03. Prune and/or remove large plants and trees deemed unsafe and remove invasive noxious weeds as specified by CLUB
- 2.04. Perform general litter and animal feces clean up in grassy areas.
- 2.05. Coordinate its maintenance activities with those of CLUB.
- 2.06. Provide new plants, fertilizer, and mulch.

3.0 INSURANCE REQUIREMENT

CLUB will provide CITY with proof of an insurance policy covering general commercial liability on an occurrence basis, with a combined single limit of not less than \$1,000,000 for each occurrence of bodily injury, personal injury and property damage.

4.0 TERM

This agreement shall take effect upon the execution of this agreement, and shall remain in effect for a period of 1 year ending June 30, 2017 or until terminated as described in this agreement.

5.0 TERMINATION

Either party for any reason may terminate this agreement provided that written notice of termination is given no less than thirty (30) days prior to next six month scheduled payment.

6.0 STIPENDS

CITY will provide CLUB with an annual stipend of \$3,000 payable in increments of \$1,500 upon execution of this Agreement and \$1500 on or around January 1, 2017

7.0 MEETINGS

Duly appointed representatives of the parties shall meet as needed to address mutual maintenance concerns and review the respective parties' responsibilities under this Memorandum. Further, the parties agree to consider jointly undertaking improvement projects or major cleanup projects when resources beyond those normally available for maintenance become available to either party.

8.0 HOLD HARMLESS CLAUSE

CLUB shall defend, save, hold harmless, and indemnify the City, its officers, agents, and employees from all claims, suits, or actions of whatever nature resulting from or arising out of the activities of CLUB or its officers, employees, subcontractors, or agents under this MOU.

WHEREFORE, the parties have caused this MOU to be executed by their authorized representatives on this 13th day of July, 2016.

COUNCIL AGENDA REPORT

Meeting Date: August 8, 2016

Originating Dept: City Manager

Signature (submitted by)

City Manager Approval

Subject: Funding for Second Annual Vet Fest

Recommended Motion:

Motion to authorize the City Manager to enter into an agreement with the Vietnam Veterans of America to provide \$3,000 in Transient Occupancy Tax funds in the form of a \$1,000 grant and a \$2,000 advance to be repaid if sufficient funds are available in support of the Second Annual Vet Fest.

Financial Impact:

\$3,000 allocation from \$31,580 remaining funds available for tourism promotion in fiscal 2016-17. 

Background/Discussion:

The Tourism Promotion Advisory Committee (TPAC) has recommended utilizing \$3,000 in Transient Occupancy Tax funding to assist the Second Annual Vet Fest event. The funding recommendation is for a \$1,000 grant and a \$2,000 advance that would be repaid if sufficient funds are available at the conclusion of the event. Funding would be to the Vietnam Veterans of America.

A part of the proposal is to undertake an advertising campaign to attract veterans from throughout Oregon and northern California to the event.

Also on the August 8 City Council agenda is a request to waive \$599.50 in park and Capella use fees for this event.

Attachment(s):

- a. Proposal

16 June 2016

Gary Milliman, City Manager
City of Brookings Tourism
898 Elk Drive
Brookings, OR 97415

SUBJECT: TOURISM EVENT PROPOSAL

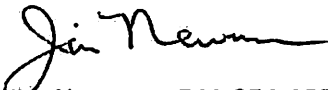

Building on the successes of last year's inaugural event, this year's Second Annual Vet Fest will set the standard for this festival to be a festival destination for regional stewardship and cultural tourists, especially military/ veterans, families and supporters throughout the State of Oregon and Northern California. Promotions/cross promotions and advertising will target markets in Oregon (Grants Pass, Medford, Eugene, Roseburg, White City, Illinois Valley, Klamath, Bandon, North Bend and Coos Bay, Salem, Portland) and California (Del Norte County and Humboldt County including Eureka, Redding, etc.).

Promotional focus will reach out to veterans' organizations throughout the region, including veterans' motorcycle and classic car groups, veteran musicians and artists groups, and others who like to attend festivals in the region. Great relationships with local media and media in our region will allow us to provide additional promotional/cross promotional opportunities for a bigger bang for our advertising/marketing dollars.

With that in mind, the *Vet Fest* vision is to create a signature annual event for our area. Each year we will add more to the development of the festival in hopes of making this event a destination in our region that develops a kind of brand loyalty.

Thank you to the City of Brookings and TPAC for consideration of this special event for TPAC funding in the amount of \$3,000.

With much appreciation,

Jim Newman, 541-254-1002

Associates of Vietnam Veterans of America

SECOND ANNUAL VET FEST, Saturday, August 27, 2016

EVENT GOALS: Building on the successes of last year's inaugural event, this year's Second Annual Vet Fest will set the standard for this festival to be a festival destination for regional stewardship and cultural tourists, especially military/ veterans, families and supporters throughout the State of Oregon and Northern California. Promotions/cross promotions and advertising will target markets in Oregon (Grants Pass, Medford, Eugene, Roseburg, White City, Illinois Valley, Klamath, Bandon, North Bend and Coos Bay, Salem, Portland) and California (Del Norte County and Humboldt County including Eureka, Redding, etc.).

Promotional focus will reach out to veterans' organizations throughout the region, including veterans' motorcycle and classic car groups, musicians and artists groups, and others who like to attend festivals in the region. We hope to have 2017's event in September as it was last year to better address TPAC's efforts to grow events during shoulder seasons.

Working with KCIW, the Insider of Southern Oregon and other local media outlets, we will have significant free coverage from these in-kind media co-sponsors and newspaper coverage, as well. Most of our printing and copying will be donated or at a very low cost (cost of materials, only) including working with community-radio stations throughout the region and free events publications. We expect significant Public Service Advertising also from the for profit radio stations in our Southern Oregon/Northern California areas.

The signature event is a part of the overall Vet Fest vision. Growing this in sustainable increments is key to growing into an opportunity to showcase music and visual arts and crafts by and for the general public. Each year will have a different emphasis in its special honoring of our service members, veterans, families and the Fallen. This year's special honoring will focus on women with prior military service. On the day prior to Vet Fest (Friday, August 26th), there will also be an event especially for women veterans.

The details of this event are still being determined...but will tie into the Saturday, Second Annual Vet Fest's *Honoring Our SHEeroes*. (August 26 – Tentative Venue--Calpella By the Sea, Azalea Park, Brookings, OR) Many of our female veterans have PTSD from military sexual trauma and have been severely underserved because of our isolated community--not to mention the culture of the military and even the V.A. These two events will shine a light on these tough issues and provide a jumping off point for programs that will provide healing experiences.

Headliners: Tayla Lynn with Eric Tingstad

In Curry County, it is rare to have such highly acclaimed talent perform as Tayla Lynn accompanied by Grammy Award winner Eric Tingstad. The Second Annual Vet Fest hopes to bring this celebrated and unusual duo to honor our veterans in Southern Oregon and Northern California and beyond. Such high-quality original music is a specialty that brings the crowds out wherever they perform. Playing for packed houses and large festival crowds, both artists are recognized for their high-quality original music and, as a result, are considered a major audience attendance “draw”.

Tayla Lynn is a southern girl who grew up in the heart of Tennessee, and her country bloodlines include her grandmother--country-music legend, Loretta Lynn, and her father, Ernie, who sang and played guitar in Loretta Lynn's band. Much like her grandmother Loretta, Tayla is a world-renown country music artist. Tayla has proudly performed for our troops in Afghanistan and is beloved among the military veterans community. When the time is right in her performance, Tayla performs a set of the iconic songs that Loretta Lynn made famous.

Eric Tingstad is a Grammy Award winning musician who also is a well-known national and Pacific Northwest record producer, songwriter and composer. He was born and raised in Seattle, WA where he currently resides. Best known as a fingerstyle guitarist, Tingstad has performed, recorded, and produced Alternative Country, Blues, Americana, Rock, Smooth Jazz and Ambient /New Age music. Tingstad frequently collaborates with others including Tayla Lynn but is most often recognized for work and performances with long-time friend, woodwinds player Nancy Rumbel as the acclaimed Tingstad and Rumbel duo. Tingstad is also a principal founder, producer, electric guitarist and co-writer with The Halyards, a Seattle-based American roots rock band that includes Carl Funk and Larry Mason.

Opening Act: J. Barley Band

J. Barley Band is from the Illinois Valley area and includes several veteran band members. Their performance at Vet Fest last year had the audience tapping their toes and dancing to Roots Americana, Folk, Country, Rock and Zydeco/Cajun genres of music. This 5-piece ensemble of season musicians was a significant draw and we expect that local word of mouth advertising will bring out even more locals to this year's event.

Closing Act: Spence Brothers Blues Band (and Friends!)

Local All Star Band, the Spence Brothers Blues Band always bring out the local fun folks and veteran community with their Texas blues/rock originals with a smattering of oldies and danceable cover tunes! Members include Troy Spence (lead guitar, vocals—former lead player for the S.F.-based Blue Cheer—Summertime Blues), Rodney Spence (bass guitar, backup vocals), Ken Podesta/Daniels (drums), Johnny Lightning (slide guitar, vocals), Jim Newman (key boards, backup vocals) and military veteran T-bone Stone (harmonica/harp and vocals).

“Class Acts” Needed: Vet Fest Special Event Sponsors

Second Annual Vet Fest Co-Presenter/Title Sponsor: \$1,000 (One Opportunity Available)

- Co-presenter for the event
- Banner at event and Community Builders Booth at Wednesday’s Farmers Markets in Harbor and other special events throughout the year
- Featured in all paid and public service advertising on radio stations, in newspapers, magazines and newsletters (inclusion of logo on all event materials and publicity)
- Opportunity to speak as at both the Vet Fest and serve as host(s) for a special intimate performance and honoring of women veterans (with Headliners the day before Vet Fest), naming rights for Women with Prior Military Service event
- Opportunity for sponsor to speak at event and meet headliners

Vet Fest Honors Our Women Veterans: A Very Special Sponsorship: \$750 (Two opportunities available)

- Co-presenter for the event Women Veterans event (August 26, 2016)
- Featured in public service advertising on radio stations and in newspapers, magazines and newsletters (inclusion of logo on all event materials and publicity)
- Opportunity to participate as host(s) for a special intimate performance and honoring of women veterans (with Headliners the day before Vet Fest), naming rights for this event
- Opportunity for sponsor to speak at event and meet headliners

Vet Fest Five Branches of the Military Sponsorship: \$500 (Five opportunities available: USA, USAF, USN, USMC, USCG)

- Special mentions at Vet Fest and Women Veterans event (August 26, 2016)
- Featured in public service advertising on radio stations and in newspapers, magazines and newsletters
- Opportunity to participate attend a special intimate performance and honoring of women veterans (with Headliners the day before Vet Fest) and meet our headliners

City Manager Approval

Subject:

Request for Waiver of park use fees

Recommended Motion:

Motion to waive all park use and Capella use fees associated with Vet Fest II and with the special event honoring women veterans held on August 26 and 27 in Azalea Park.

Financial Impact:

\$599.50 in waived fees

Approved by Finance & Human Resources Director: 

Background/Discussion:

Vietnam Veterans Chapter 757 is requesting a park use fee waiver for its special two-day event Vet Fest II on the weekend of August 26 & 27. This is the second year for this event. Last year, they requested and received an identical waiver.

The event takes place in Azalea Park with a special ceremony held in the Capella on August 26 honoring women veterans.

CITY OF BROOKINGS

COUNCIL AGENDA REPORT

Meeting Date: August 8, 2016

Originating Dept: City Manager

Signature (submitted by)

City Manager Approval

Subject: Letter Agreement Regarding Sewage Services to Indian Home

Recommended Motion:

Motion to authorize City Manager to execute letter agreement between U.S. Department of Health and Human Services, the Harbor Sanitary District, the Coquille Indian Tribe and the City concerning the furnishing of sewer service to a residential parcel within the HSD boundaries and acceptance of SDC payment directly from DHHS Indian Health Services.

Financial Impact:

City will receive payment of standard sewer SDC.

Background/Discussion:

The U.S. Department of Health and Human Services (DHHS) is proposing to provide funding for the construction of a home to be occupied by a member of the Coquille Indian Tribe within the Harbor Sanitary District (HSD). Because sewage treatment for the subject property is provided by the City of Brookings, DHHS has requested a letter agreement between the DHHS, the Harbor Sanitary District, the Coquille Indian Tribe and the City with respect to providing sanitary sewer service to the site and the payment of System Development Charges (SDCs).

SDC's for wastewater treatment within the boundaries of HSD are collected directly by the City. By this agreement, the City agrees to accept payment of the SDC for this sewer connection directly from DHHS Indian Health Services.

Gary Milliman, City Manager
City of Brookings
898 Elk Drive
Brookings, OR 97415

Kelly Bebee, Manager
Harbor Sanitary District
16408 Lower Harbor Road
Brookings, OR 97415

Dear Chairperson Meade, Mr. Milliman, and Ms. Bebee:

The following letter serves to document the agreement of the parties necessary for Indian Health Service, Portland Area IHS, U.S. Department of Health and Human Services, hereinafter called the IHS, under and pursuant to the provisions of Public Law 86-121 (73 Stat. 267), to serve the home site of an eligible Indian person with individual site sanitation facilities located within the jurisdiction of Harbor Sanitary District, and within the Service Delivery Area of the Coquille Indian Tribe, under IHS Project PO-14-B86. This letter, upon signature by the parties serves to supplement the agreement between the IHS and the Coquille Indian Tribe, hereinafter referred to as the Tribe, for the specific circumstances associated with providing sanitation facilities construction within the jurisdiction of the Harbor Sanitary District, hereinafter referred to as the District, which transmits its sewage to the City of Brookings, hereinafter referred to as the City.

WHEREAS, the Tribe and IHS have entered into an agreement, reflected in a Memorandum of Agreement (MOA) for PO-14-B86F, signed by the Tribe on September 11, 2014 and the IHS on September 18, 2014, to serve individual, eligible Indian homes with water supply and waste disposal (sanitation) facilities; and,

WHEREAS, an eligible Indian home located in Curry County, Oregon is within the Service Delivery Area of the Tribe as defined in the Federal Register, as most recently published August 7, 2015; and

WHEREAS, an eligible Indian home is located within the sewer service area of the District and is subject to the requirements of the District; and

WHEREAS, the District and City have system development charges and a connection fee that must be paid to allow for connection to the community sewage collection system and wastewater treatment infrastructure; and,

WHEREAS, IHS is able to commit funding to the construction of sanitation facilities, including the payment of fees directly associated with connection to sewer infrastructure required by the local jurisdictions, provided the home is constructed and owned by an eligible member of a federally-recognized Tribe;

NOW THEREFORE, in order to carry out the provision of sanitation facilities through IHS Project PO-14-B86F for the eligible Indian home located in the District, the parties mutually agree the following provisions apply to sites located within the jurisdiction of the District, and that the original MOA between the Tribe and IHS for Project PO-14-B86F is otherwise unchanged by this supplemental agreement.

- 1) That the Tribe agrees to continue to coordinate the participation of eligible Indian persons in project PO-14-B86 who have residence within the Tribe's Service Delivery Area.
- 2) That IHS has reserved \$23,452.00 from Project PO-14-B86 to cover the cost of providing complete sanitation facilities to the home site of an eligible Indian person located at Crown Terrace Road, lot 11.
- 3) That from the funds reserved for service to the site as described in paragraph 2, IHS agrees to pay the District the System Development Charges (SDC's) including \$5,528.31 for wastewater treatment, \$2,445.66 for collection infrastructure, and \$290 for connection, to the District upon receipt of notification that the construction of the home located at the site described in paragraph 2 is complete.
- 4) That the construction of sanitation facilities at the home site shall otherwise be completed in accordance with the terms of the MOA for PO-14-B86F.
- 5) That, in consideration for the commitment by IHS indicated in paragraph 3, the City and District agree to grant the sewer-related permit clearances necessary to allow the eligible Indian person to obtain a residential building permit from the applicable jurisdiction, and that the City and District agree to accept the IHS commitment indicated herein in-lieu of advanced payment of the SDC's to the District.
- 6) That if the homeowner does not obtain a building permit and fails to construct a home within 12-months of this agreement, neither IHS nor the Tribe is obligated to pay the SDC's or connection fee to the District, and the funds reserved shall be returned to the Project PO-14-B86 to construct sanitation facilities at other eligible sites.

Upon receiving signatures from the Tribe, City, District and IHS, copies of this letter will be provided to the parties.

Sincerely,

CAPT Mathew J. Martinson, P.E.
Division Director
Division of Sanitation Facilities Construction

IN WITNESS TO THE TERMS OF THIS AGREEMENT, the parties have subscribed their names.

CITY OF BROOKINGS

COUNCIL AGENDA REPORT

Meeting Date: August 8, 2016

Originating Dept: City Manager

Signature (submitted by)

City Manager Approval

Subject: Blue Zone Support Letter

Recommended Motion:

Motion to execute Blue Zones Project commitment letter.

Financial Impact:

City participation is undetermined at this time. According to the "Criteria for Selection" as a Demonstration Community:

"Cambia Health Foundation has provided leadership funding to the Oregon Business Council Charitable Institute to bring the Blue Zones Project to Oregon in support of the Oregon Healthiest State Initiative. Communities are encouraged to make a financial commitment to support the leadership funding from the Cambia Health Foundation. The preferred commitment from communities is between \$200,000 and \$400,000 per year for three years. Funding does not have to be provided at the time the application is submitted and can be from multiple funding sources."

Background/Discussion:

The City Council discussed the Blue Zones Project at their August 2 workshop. Councilor Triglia has requested that the City consider participating in the project initially through submitting a commitment letter in connection with the effort to seek designation of the 97415 Zip Code area as a Demonstration Community. The attached commitment letter has been crafted based upon a sample provided by those working on this project.

The Blue Zones Project is a community transformation approach designed to make healthy choices easier through permanent changes in environment, policy and social networks. As a Demonstration Community, the greater Brookings area would receive support from the Blue Zones Project team of local and national experts aimed at achieving healthy living goals.

See attached for additional information. It was reported at the workshop that Klamath Falls has been designated as a Blue Zones community and that Skylakes Hospital was the major contributor to the local funding commitment.

The Mayor has indicated that he would like to have the commitment letter signed by all five members of the City Council.

- b. Draft commitment letter

Gary

BROOKINGS CITY COUNCIL WORKSHOP

August 2, 2016

BLUE ZONES PRESENTATION OUTLINE

1. What is meant by Blue Zones and the Blue Zones Project?
2. The "Power 9" principles for Longevity
3. Formation of and Work Done by the Brookings Harbor Blue Zones Exploratory Coalition
4. Planned Submission of Application by the Coalition for possible selection and Designation of Brookings area as the State of Oregon's 2nd Blue Zones Demonstration Community
5. What can we do as a community to foster healthier choices and practices and what specific role could the City of Brookings municipal government play in this effort?

I also would encourage my fellow Councilors and audience members to sign the online pledge at <https://oregon.bluezonesproject.com/pledge> which only asks for your name, email address and zip code, and would like to open this topic for discussion.

Things
you can do
to live a long,
healthy life

Longevity and Health

based on *The Blue Zones*, a book by Dan Buettner

Stephanie Polizzi, MPH, RDN CHES, FAND

OSU Extension Family & Community Health

What is a Blue Zone?

A Blue Zone is a geographic area or community where the number of people living over 100 years is greatest.

Dan Buettner, the author and investigator of *The Blue Zones* traveled the world and identified 5 Blue Zones:

Loma Linda, California

Ikaria, Greece

Nicoya, Costa Rica

Okinawa, Japan

Sardinia, Italy

Dan and his team of experts set out to find what these areas had in common. They discovered that each zone has 9 common characteristics.

1 Move Naturally

- Be active using moderate, sustained movements to achieve daily activities without having to think about it
- Include elements of cardio aerobics, strength training and balance exercises or movements
- Aim for 30-60 minutes at least 5 days a week

2 Hara Hachi Bu

- This Okinawan saying means "Eat until you are 80% full" or "Eat not until you are full, but only until you are no longer hungry"
- Eat low Calorie but nutrient-dense foods
- Be aware of plate, bowl, glass and package sizes since they can trick you into eating more
- Eat large meals early in the day and smaller meals toward day's end

3 Plant Slant

- Beans, whole grains and fresh vegetables are the cornerstones to the longevity diet
- Those who have less meat intake live longest. Meat is typically eaten once or twice per month or at annual celebrations
- Nut intake is common to all Blue Zones

4 Grapes of Life

- Those who have a daily glass of beer, wine or spirits accrue heart benefits
- Moderation is key. More is not beneficial and may negate benefits
- Red wine offers the added bonus of powerful antioxidants like polyphenols and resveratrol
- These drinks were shared with friends or family as part of their social connectivity

The Blue Zones

5 Purpose Now

- Practice *igigai* or "Why I wake up in the morning." Having a strong sense of purpose buffers us from disease. In an 11 year study, those who had a clear goal in life lived longer and sharper than those who did not
- Strengthen the brain by learning a new language, dance or activity

7 Belong

- Participate in a spiritual community. The simple act of worship, regardless of to whom, improves longevity
- Even going to church only once per month can reduce risk of dying by 1/3
- Spiritual connection also fosters social engagement

9 Right Tribe

- Surround yourself with others who share your Blue Zones values
- Those with the strongest social connections live longest
- Identify those who reinforce the right habits and meet with them regularly

6 Downshift

- Slowing life's pace may lower chronic inflammation, keeping chronic diseases at bay
- Slowing down adds richness to life
- Lower stress by reducing noise and being early to your events
- Find time for meditation

8 Loved Ones First

- Make family a priority, with duty, ritual and emphasis on togetherness
- Elders who live with their children are less susceptible to disease or accidents
- Make a point of spending at least 1 meal per day together; take annual vacations
- Get physically closer, choose a spot for face time

Flickr: SalvationArmyUSAWest

Cultivate a Community Blue Zone

In 2009, the Blue Zones partnered with AARP and the United Health Foundation to implement Power 9® in a community in Minnesota.

In one year, participants added 2.9 years to their lifespan and dropped health care claims to 49%.

Summary

- A Blue Zone is an area where the greatest number of people live long, productive lives past 100 years
- There are 9 common characteristics of a Blue Zone. The more you practice these 9 strategies, the longer your life expectancy
- These strategies can be adapted for communities

Aim to create an environment in your home, workplace or community that makes positive healthy behaviors easy and unavoidable.

The Blue Zones, 2nd edition, Dan Buettner, National Geographic Society, 2012
www.BlueZones.com www.BlueZonesProject.com

The Power 9

- 1. Move naturally.** Don't do marathons or pump iron; work around the house, garden, walk, cycle, walk when talking on the phone.
- 2. Know your purpose.** Have a reason for waking up in the morning.
- 3. Kick back/Down Shift.** Find ways to shed stress, whether it's praying, meditating, napping or going to happy hour.
- 4. 80% Rule / Eat less.** Stop eating when you are 80% full.
- 5. Plant Slant / Eat less meat.** Beans are a cornerstone of most centenarians' diets.
- 6. Wine @ 5 / Drink in moderation.** Only the Seventh-day Adventists in California didn't have one to two glasses a day.
- 7. Belong / Have faith.** Denomination doesn't seem to matter, but attending faith-based services (4 times a month) does.
- 8. Family First / Power of love.** Put families first, including committing to a partner and keeping aging parents and grandparents nearby.
- 9. Right Tribe / Stay social.** Build a social network that supports healthy behaviors.

BZP response

Todd Kellstrom <toddkellstrom@gmail.com>

Mon, Aug 1, 2016 at 8:49 AM

To: dtriglia@brookings.or.us, Elisa Olson <eolson@klamathfalls.city>

Councilman,

I apologize for the delay in responding to your request.

We have a groundswell of "millenials" who are interested in improving living conditions in Klamath Falls, and I couldn't be happier. We currently have higher than average rates of just about every unhealthy facet of living one could imagine, yet we are a friendly, open-the-door-for-your-neighbor kind of community. So, young folks want to raise their new families here, but they are asking, and willing to work for, changes in restaurants and grocery stores, bike lanes and pedestrian traffic improvements, and green spaces, to cite a few examples.

I embrace these concepts because they can't help but make us a more attractive city for economic expansion. Most importantly, though, the children of today have a life expectancy of five years less than the generations before them, and I don't want that to be my legacy.

Please feel free to call with questions. Commissioner Morris has more specifics than I, but I am happy to assist your city in any way.

Sincerely,

Mayor Todd Kellstrom
541.891.4214

Question from Brookings re: Blue Zones Project

Kelley Minty Morris <kmorris@klamathcounty.org>

Mon, Aug 1, 2016 at 10:40 AM

To: Dennis Triglia <dtriglia@brookings.or.us>, "onestopkfalls@gmail.com" <onestopkfalls@gmail.com>, "dtofell@klamathfalls.city" <dtofell@klamathfalls.city>, "danb1956@aol.com" <danb1956@aol.com>, "mdodson@klamathfalls.city" <mdodson@klamathfalls.city>, "bud_hart@charter.net" <bud_hart@charter.net>, "toddkellstrom@gmail.com" <toddkellstrom@gmail.com>, "trish43@aol.com" <trish43@aol.com>
Cc: Bocc <bocc@klamathcounty.org>

Greetings!

What an exciting time for your community! I'm happy to answer any questions you have, give me a call at 541 883 5100 (if I'm not in staff can give you an idea of a good time to call)

I will also ask my staff to forward you any official resolutions that we've passed. We have formed a County food policy Council in relation to the project that we will send you documentation of.

Best,
Kelley

Subject: Question from Brookings re: Blue Zones Project

[Quoted text hidden]

IN THE MATTER OF ESTABLISHING)
THE KLAMATH COUNTY FOOD)
POLICY COUNCIL)
_____)

RESOLUTION No. 2016- 023

WHEREAS: The Blue Zones Project has chosen Klamath County to be the demonstration community in Oregon, and

WHEREAS: The Blue Zones Project is a systems approach in which citizens, schools, employers, restaurants, grocery stores and community leaders collaborate on policies and programs that move the community towards better health and well-being, and

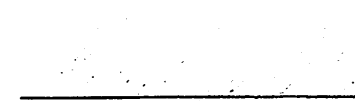

WHEREAS: Klamath County Commissioners in conjunction with the Blue Zones Project Food Systems Advisory Committee are creating a new council, Klamath County Food Policy Council, to advise the Klamath County Board of Commissioners on food and agricultural systems issues related to food. This Council is being formed with a goal of creating a community that has consistent, encouraged access to healthy and affordable local food and whose community members have the necessary education and knowledge to be able to prepare and consume healthier food choices., and

NOW, THEREFORE, BE IT RESOLVED: The Klamath County Board of Commissioners hereby establishes The Klamath County Food Policy Council.

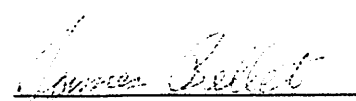

COMPOSITION: The Klamath County Food Policy Council shall consist of up to 13 members appointed by the BOCC. The Council encourages representation from agriculture, health, human and social services, food related businesses and organizations, environment, education, economics, nutrition, transportation, and legal, such as but not limited to regional associations, land and water organizations, agriculture commodity organizations, small scale food industries and distributors, local farmers markets, grocers, cooperatives, restaurants, schools, recipients of food and agriculture programs and consumers. Ideally, there should be at least one representative from a.) Education, Health, or Social Services, b.) Hispanic or Tribal community, c.) Producer, d.) Restaurants, Retailers, or Distributors, e.) Gardens or Farmers Market.

MEETINGS: The Klamath County Food Policy Council will meet in accordance with Oregon Public Meeting laws. Notice will be given to the public in advance of all meetings and minutes will be made available. The Klamath County Food Policy Council will meet at least quarterly, unless good cause is shown.

Done and Dated on this 15 day of April, 2016.

Chair

Commissioner

Commissioner

STATEMENT OF INTEREST FOR DEMONSTRATION COMMUNITY

Blue Zones Project® is a community-wide, community-led well-being improvement initiative designed to make healthy choices easier through permanent changes to environments, policies, and social networks. Through this work, communities can lower healthcare costs, improve productivity, increase civic engagement and boost their national recognition as a great place to live, learn, work, and play.

In 2015, Cambia Health Foundation brought the Blue Zones Project to Oregon in support of the Oregon Healthiest State Initiative in partnership with Healthways Inc. and Blue Zones LLC.

Last year, Klamath Falls became Oregon's first demonstration community. After six months of assessment and planning, Blue Zones Project Klamath Falls launched the public phase of its initiative at a widely attended community event.

As a part of our shared commitment to improve the well-being of the state of Oregon, Blue Zones Project in Oregon is now in the process of selecting a second demonstration community. Blue Zones Project Demonstration Communities receive many benefits, such as:

- Full funding for a local team directing the work taking place in the community
- Access to national experts and a state team for additional support
- A guided assessment and planning process
- A full program of community engagement

If your community is interested in being considered for this opportunity, please review and complete the information included in this Statement of Interest to begin the application process.

Complete the Statement of Interest form below.

CRITERIA FOR SELECTION

Eligible applicants will be scored on four elements: Community Need, Population Size, Community Readiness, and Funding. Below is an overview of the scoring criteria as well as the weight each element carries in an applicant's total score:

1. Community Need (40%)

The successful applicant will be able to demonstrate the extent to which a health transformation initiative will improve the health and well-being of their entire community, including those populations experiencing health disparities and low income and educational attainment.

2. Population Size (10%)

Population size will be a factor when we evaluate need and potential impact. Communities must have no fewer than 10,000 and no more than 175,000 residents.

- ✓ Communities with fewer than 10,000 residents have the option to apply in conjunction with adjacent communities in order to meet the minimum population requirements.
- ✓ This arrangement requires that the area has a minimum of at least one municipal body with policy jurisdiction over the entire geography.

3. Community Readiness (40%)

The successful applicant will be able to provide early commitment of participation from stakeholders, including:

- ✓ Elected officials and other local government leaders (city and county)
- ✓ Representatives from communities of color
- ✓ An organizing entity or coalition willing to help coordinate the application process and establish the project
- ✓ Connections to all sectors in the community including business, civic, media, faith, schools, grocery stores, restaurants, and nonprofits

4. Funding (10%)

Cambia Health Foundation has provided leadership funding to the Oregon Business Council Charitable Institute to bring the Blue Zones Project to Oregon in support of the Oregon Healthiest State Initiative. Communities are encouraged to make a financial commitment to support the leadership funding from the Cambia Health Foundation. The preferred commitment from communities is between \$200,000 and \$400,000 per year for three years. Funding does not have to be provided in full at the time the application is submitted and can be from multiple funding sources.

Communities seeking assistance in developing a fundraising strategy or with questions regarding the program funding are

BLUE ZONES REQUIREMENTS

Requirements

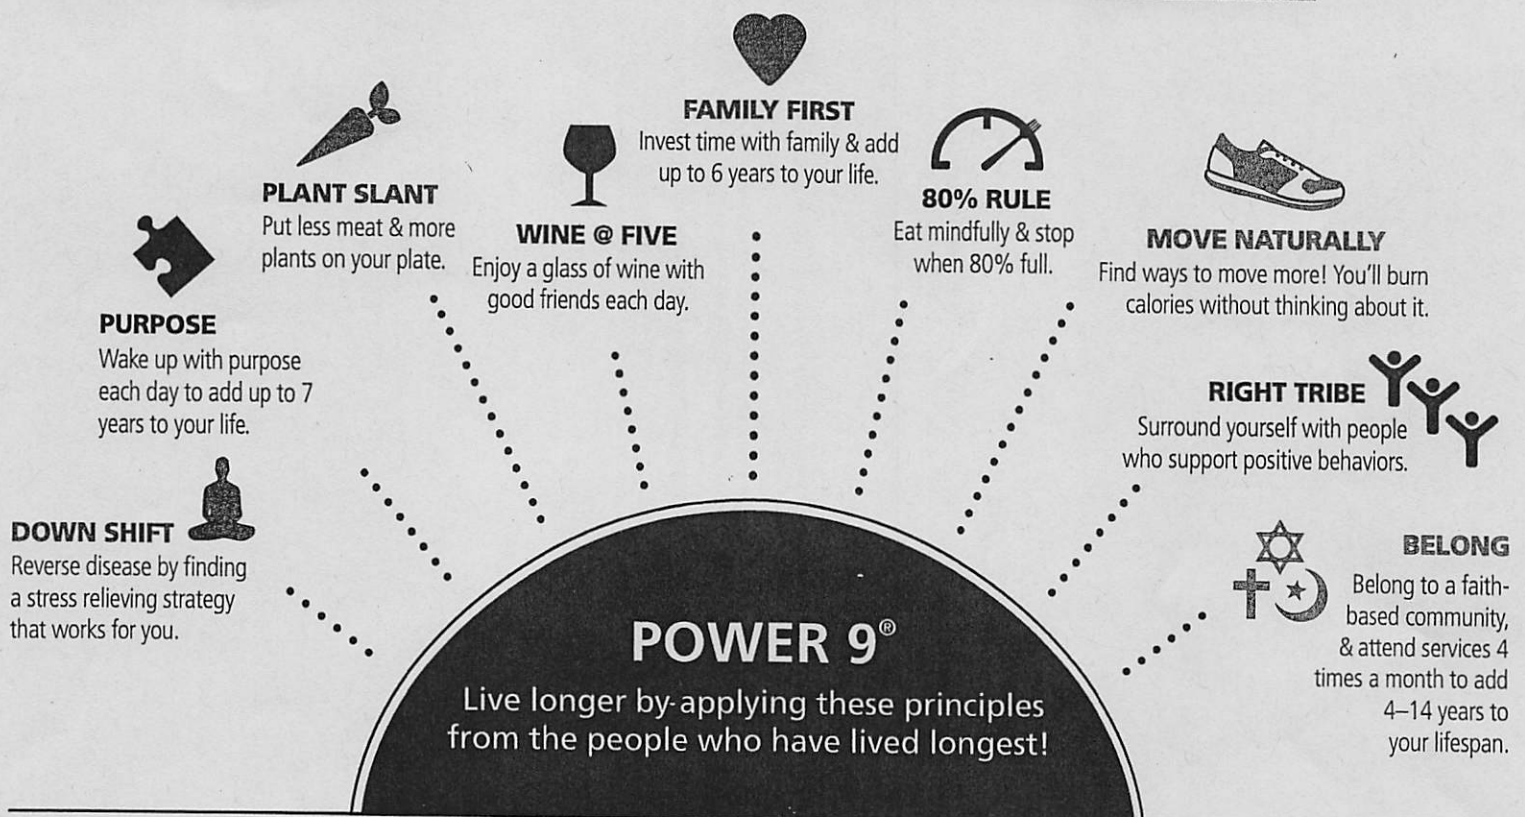

The program is based on getting broad and committed buy-in at a community level. Specific tasks are required to be a participant at each level. Becoming a Blue Zones Community requires:

- At least 20% of citizens sign the Blue Zones Personal Pledge and take actions to improve their well-being.
- Completion of the Blue Zones Community Policy Pledge around Built Environment, Living Streets, Tobacco policy, and Food Policy.
- At least 50% of the top twenty community-identified employers become a Blue Zones Worksite.
- At least 25% of independently or locally owned restaurants become a Blue Zones Restaurant®.
- At least 25% of public schools become a Blue Zones School.
- At least 25% of grocery stores become a Blue Zones Grocery Store.
- Well-Being improvement (measured by Gallup).

EXPERIENCE BLUE ZONES PROJECT®

START CREATING A HEALTHIER, HAPPIER LIFE, TODAY.

Be a part of transforming well-being so the healthy choices become easy choices for you and your community.

FEEL THE DIFFERENCE WHERE YOU LIVE, WORK, AND PLAY.
Blue Zones Project supports well-being improvement in each of these 7 areas.

-  **CITIZENS**
Take the personal pledge and make small changes that can have a big impact on your well-being for years to come.
-  **WORKSITES**
Improve the physical, emotional, and social well-being where you spend most of your time—work.
-  **SCHOOLS**
Teach kids healthier habits they can carry with them for a lifetime.
-  **RESTAURANTS**
Experience a better dining environment with healthier menu choices.
-  **GROCERY STORES**
Shop where healthy foods are easy to find.
-  **COMMUNITY POLICY**
Use city design, policies, and social networks to create an environment to support healthy choices.
-  **FAITH-BASED COMMUNITIES**
Nurture your faith and your well-being.

JOIN THE MOVEMENT!

RD Resources for Consumers:

Vegetarian/Vegan Myths

There are many myths about a vegetarian/vegan diet which cause people to question its safety. Please read the following for information about the safety and benefits of a vegetarian/vegan diet.

Myth #1: A Vegetarian/Vegan Diet is not safe for a Growing Child

A well-planned vegetarian/vegan diet is safe for people of all ages, including babies, children, teenagers, pregnant mothers, and adults. Consuming a variety of nutritious plant foods provides all of the nutrients children need during this important time of growth.

Myth #2: It is Hard for a Vegetarian/Vegan to Eat Enough Protein

It is very easy to consume enough protein on a plant-based diet, as long as a person eats a variety of foods throughout the day. Almost all foods contain some protein, except alcohol, sugar, and fat. Good sources of protein include: legumes (lentils, beans, peas), soy-foods (tofu, tempeh, edamame), seitan, meat substitutes (veggie burgers, plant-based crumbles), milk (dairy and non-dairy), nuts, seeds, grains (rice, millet, quinoa), bread, and vegetables.

Protein requirements can be met when a variety of plant foods are eaten and overall energy needs are met. All of the essential amino acids can be eaten throughout the day and there is no need to 'combine proteins' at the same meal.

Myth #3: Vegetarians/Vegans Cannot Eat Enough Iron

Surveys of vegetarians/vegans have found that iron deficiency is no more common among vegetarians/vegans than among the general population. There are several reasons why it is easy for a vegetarian/vegan to get enough iron:

1. Many commonly eaten foods are high in iron: dark leafy greens (kale, collards, bok choy), beans, tofu, tempeh, black strap molasses, quinoa, tahini, fortified cereals, etc.
2. Vegan diets are high in vitamin C, which greatly increases absorption of iron. Adding a vitamin C-rich food, such as tomatoes, bell peppers, or citrus fruit, to a meal increases iron absorption sixfold.
3. Many combinations of commonly eaten foods, such as beans and tomato sauce or stir-fried tofu and broccoli, are high in both vitamin C and iron. Broccoli and bok choy are foods high in both vitamin C and iron independent of other food combinations.

Myth #4: The Only Rich Sources of Calcium for Bone Health are Dairy Products

Calcium needs can easily be met on plant-based diets because of the many calcium-rich plant foods available. Plant foods may provide additional benefits for bone health since they can be good sources of other compounds believed to affect bone health. Diets that are higher in fruits and vegetables, and lower in animal protein and dairy may promote bone health. Other factors that contribute to good bone health include exercise and vitamin D intake.

Other factors that contribute to poor bone health include high sodium intake, extreme weight loss, alcohol, and smoking.

Naturally calcium-rich foods include: leafy green vegetables (collards, kale, mustard and turnip greens), broccoli, bok choy, calcium-set tofu, almonds, and blackstrap molasses. Calcium-fortified foods include: certain brands of juices (apple, orange, and vegetable juice blends), breakfast cereals, protein bars, margarine, and non-dairy soy, rice or almond beverages.

Myth #5: Vegan Diets Do Not Include Many Food Choices

Typically people following a vegan diet have much more variety in their diet because of the many new foods to which they are exposed. Almost all food items can easily be made vegan (e.g. vegan cheese, cheesecake, cookies, pizza, milkshakes, casseroles, burgers, Italian food, milk, yogurt, etc.).

A vegan diet is typically rich in whole grains and grain products (brown rice, millet, barley, oats, whole wheat bread), a variety of fruits and vegetables, nuts, seeds, legumes (lentils, chickpeas, kidney beans, adzuki beans), soy foods (tofu, tempeh, miso), seitan, etc.

Myth #6: Eating Soy Increases Risk of Cancer

Soy is a good source of nutrients that has many health benefits. Studies show that eating soyfoods early in life decreases risk of breast cancer in adults. Studies suggests that children and/or teens who consume as little as one serving of soy daily **decrease** their risk of breast cancer later in life by 25 to 50 percent. Soy has been found to be helpful for other conditions. Soy may be helpful in reducing heart disease risk, relieving hot flashes, preventing/treating prostate cancer, and promoting bone health for postmenopausal women.

Project would promote health, well-being in Brookings

By Jayati Ramakrishnan
Pilot staff writer

The Brookings-Harbor community may soon have an opportunity to improve its overall health and well-being, with the help of a program called the Blue Zones Project.

Representatives from the program, which targets ways to help individuals, schools and communities become healthier, will be in Brookings Thursday, July 28, to talk about the program and local benefits.

The Blue Zones Project, which currently works with 27 communities throughout the United States, is seeking a "demonstration community" in Oregon, where they will help people in the area make changes to various aspects of their lifestyles including healthy eating, exercise and their surroundings. Communities have to apply for the program, and the deadline is Aug. 25.

"We work with communities and organiza-

"We look at things like the walkability and bikeability and the ability to take human-powered transportation."

— Aaron Patnode, director of Blue Zones Project Oregon

tions to make changes that make the healthy choice the easy choice," said Aaron Patnode, the executive director of Blue Zones Project Oregon.

"Blue Zones" are specific areas or groups of people identified as having greater longevity, due to certain lifestyles and behaviors. Examples include Okinawa, Japan; Sardinia, Italy and Icaria, Greece. Behaviors in those places believed to contribute to longer lifespans include a semi-vegetarian diet and smoking less, as well as moderate but regular physical activity.

Scott Clapson of the Chetco Activity Center is part of a group that has led the effort to make Brookings-Harbor the Blue Zones Project's next community.

"They pick based on need and readiness," Clapson said. "There's interest. I've had a lot of people calling me to ask about it."

Clapson said he hopes to involve a variety of individuals and groups — different volunteer organizations, faith groups, schools, libraries — all of whom are invested in the health and wellness of citizens.

"We're kind of looking for broad-based support," he said.

Clapson said applying for the project seemed like a good idea to him because the Brookings-Harbor community already has several programs in place that demonstrate its desire to be healthy.

"We look at the social determinants of health," Clapson said. "We used examples like the walking group,

disc golf, tai chi, the volunteer groups — all the different things we already do across sectors."

Once established in a community, the Blue Zones Project targets three areas: individuals, organized groups and policy. In all three regions, they work on making changes to make those groups healthier.

Blue Zone employees provide checklists to families to help them assess how healthy they already are — and to show what kinds of changes those families could make — in several areas: food, home and family habits. Topics include things like the kinds of meals families prepare, how often they eat together and the frequency with which they use electronics or watch TV in the home.

Patnode said the Blue Zones Project measures health across five different platforms, including physical, social and community health. The goal, he said, is to get

people to make healthy choices the default.

The Blue Zones Project recently adopted Klamath Falls as one of its demonstration communities — the first one in Oregon. After working with Klamath Falls residents for less than a year, Patnode said there are already improvements, including decreases in obesity and smoking, and increases in physical activity and consumption of fruits and vegetables.

"We look at things like the non-smoking programs in a community, the walkability and bikeability and the ability to take human-powered transportation," Patnode said.

Among the things Patnode said his team looks for when selecting demonstration communities are a clear need for health programs, as well as the ability and willingness to implement changes.

"The last thing we want is for our efforts to be a flash in the pan," Patnode said. "We look at the community's abil-

ity to sustain our efforts after we leave."

The program does cost money — while a large portion of it is funded by Cambia Health Solutions, Patnode said the communities involved are asked to contribute \$200,000 to \$400,000 per year. He said that money can come from a variety of sources, and can be paid over the course of each year.

Clapson said he didn't know where the money would come from, should Brookings be selected to work with the Blue Zones Project. But he said he hopes to get help from a variety of community groups.

"There's interest," he said. "But we don't know where the funding will come from, so we will have to talk to community partners."

The meeting is 6:30 p.m. on Thursday, July 28 at the Chetco Community Public Library, and is open to all interested in learning more about the program and application process.

COUNCIL AGENDA REPORT

Meeting Date: August 8, 2016

Originating Dept: City Manager

Signature (submitted by)

City Manager Approval

Subject: Notice to Harbor Sanitary District of New Rate Schedule

Recommended Motion:

Motion to authorize City Manager to notify Harbor Sanitary District of new rate schedule to be effective September 1, 2016.

Financial Impact:

This will likely increase the amount of funding received from Harbor Sanitary District for wastewater treatment and capital improvements to the wastewater treatment plant.

Background/Discussion:

An arbitration process has recently concluded to resolve a dispute concerning rates paid by the Harbor Sanitary District (HSD) to the City of Brookings for wastewater treatment. The 2007 agreement between HSD and the City which established a fixed rate based upon flow provided for a review and new agreement within five years. The City has been attempting to negotiate a new agreement with HSD through the prescribed "Rate Committee" process since 2012 without success. While City sewer users have experienced rate increases during this period, HSD has not.

Staff provided a draft new Intergovernmental Agreement to HSD in March 2015. The lack of response from HSD is what prompted the City to initiate the arbitration process, which has resulted in awarding the City \$79,782.20. Staff believes that HSD continues to underpay its share of cost of operation, maintenance, capital improvements and debt service for the wastewater treatment plant which serves both communities.

Staff recommends that the City notify HSD that a new rate schedule will be implemented effective September 1, 2016. Specifically, the rate schedule would provide that HSD will pay to the City:

1. Its proportionate share of the cost of operation and maintenance of the wastewater treatment plant based upon actual flow.
2. 30 per cent of the cost of repairing and replacement of wastewater treatment plant facilities and equipment constructed prior to September 1, 2016, including associated debt service.
3. A proportionate share based upon flow of the cost of new capital improvements and equipment, including any associated debt service.

Staff is developing further revisions to the March 2015 draft Intergovernmental Agreement based upon information obtained during the recent arbitration process. The new draft agreement will provide for an alternative form of rate structure within 12 months if the Harbor Sanitary District agrees to install appropriate monitoring devices and allow the City to collect and test samples of the sewage consistent with generally accepted industry standards.

Attachment(s):

- a. New HSD Rate Structure.

**Harbor Sanitary District
Rate Schedule
Effective September 1, 2016**

Proportionate Share. The District shall pay to the City its proportionate share of the annual cost of the City's operation and maintenance expenses for the treatment of the sewage discharged by the District to the City's Wastewater Treatment Plant. The proportionate share of the District's annual operation and maintenance cost payable to City shall be determined as follows:

- a. **ACTUAL COSTS.** Operating and maintenance expenses shall be defined as actual costs to the City for the treatment of sewage. Annual operation and maintenance expenses shall also include a portion, to be annually determined, of the City's annual administrative budget. The City's annual administrative budget shall be defined as the reasonable expenses of operating City offices or agencies that indirectly service, or otherwise have a relationship to, the City's Wastewater Treatment Plant.
- b. **MONTHLY PAYMENTS.** The District shall make twelve (12) monthly payments during each fiscal year for operating and maintenance expenses the District's share of the total operation and maintenance expenses for the City's Wastewater Treatment Plant shall be determined by the District's proportion of the total sewage received by the Wastewater Treatment Plan based solely upon actual flow using a 12-month running average.

Other Costs. Annual operation and maintenance expenses as defined above, including administrative costs, shall not include costs to either party of keeping track of, billing, and collecting sewer charges from customers, the charges so made, and said costs are to be the sole responsibility of each party within its respective boundaries.

Billing Statements. The City will mail or email a billing statement to the District, to be posted no later than the 5th working day of each month, for the monthly amount due City from District for the operation and maintenance expense for the City's Wastewater Treatment Plant (sample bill attached). The District shall pay the amount due the City for operation and maintenance expense upon receipt of City's monthly billing for these expenses, but, in any event, no later than the 25th day for each month a billing from the City is received. Payment after the 25th day of each month will be made in accordance with the delinquent and late fees established by the City of Brookings. Payment will be made by cash or check of readily available funds to the City of Brookings at City Hall, 898 Elk Drive, Brookings, Oregon 97415.

Annual Reconciliation. After the City is in receipt of the District's payment for May usage, the City shall pre-reconcile actual payments from the District against what the actual annual expenses are for the period ending May 31st. If there is a credit due, it will be applied against the July payment for June. If there are additional monies due, the difference will be included on the July invoice for June. No later than September 1st of each year the final reconciliation for the prior fiscal year's actual payments from the District will be reconciled against what the actual annual operation and maintenance expenses were for the previous fiscal year. If there is a credit due, it will be applied against the upcoming estimated annual payment. If there are additional monies due, the balance will be due to the City on a date to be negotiated between the District and the City, so as to provide the City with the additional funds in a timely manner while still providing the District sufficient time to fund any deficit.

Accounting. All sums received from the District and from its patrons and transmitted by the District to the City for operation and maintenance expenses shall be accounted for in a manner acceptable to both parties and used solely for Waste Water Treatment Plant/Outfall System operation, maintenance and replacement.

Direct Payment of SDC's to the City. When the District receives an application for a new connection to the District's sewer system, the District shall refer the applicant to the City for direct payment to the City for the City's current System Development Charge. The City will provide each applicant with a receipt for payment of the City's System Development Charge for presentation to the District. The District agrees not to permit any new connection to the District's sewer system until it has verified that the applicant has paid the City the System Development Charge as established by City Ordinance. The SDC per EDU rate shall be increased or decreased annually on July 1, in accordance with the ratio of the Engineering News Record (ENR) Construction cost index for the month of May of that year with respect to the May ENR index of previous year.

District Credit. The City shall credit each SDC payment it receives from an applicant for a new sewer connection within District only to those capital improvement expenses for the City's Wastewater Treatment plant eligible for payment by SDC monies. System Development Charges collected by City pursuant to this agreement shall then be accounted for in an SDC Treatment Fund. Proposed appropriations from this Fund shall be reviewed as a part of the annual budget process.

CAPITAL IMPROVEMENTS TO WASTEWATER TREATMENT PLANT

Capital Improvements. The District shall pay its proportionate share of the cost of capital improvements to the sewage treatment plant, transmission facilities and outfall system ("Capital Improvement Costs") as provided herein. The amount due the City shall be based on the actual cost of any capital improvement, including pre-design, engineering, project management costs and debt service, not the budgeted cost. "Debt service" shall include principle, interest and fees related to financing capital improvements.

Proportionate Share. The District's proportionate share of Capital Improvement Costs for City's Wastewater Treatment Plant that District shall pay to City shall be determined as follows:

- a. The District shall pay 30 percent of the Capital Improvement Costs for the replacement and repair of structures, components, facilities and equipment which together constitute the Wastewater Treatment Plant as constructed prior to the effective date of this Agreement.
- b. District's proportionate share of the Capital Improvement Costs for new structures, components, facilities and equipment to expand the capacity of or to comply with State-mandated regulations associated with the operation of the City's Wastewater Treatment Plant shall be determined by the proportion of the District sewage treated in the City's Wastewater Treatment Plant to the total sewage treated therein during the previous 12- month period, July 1 to June 30 of each year. The District's percentage contribution of sewage treated by the Wastewater Treatment Plant shall be determined by calculating the District's contribution of total flow.

Use of Payments. All sums received from the District by the City for capital improvements to the City's Wastewater Treatment Plant, shall be used by the City solely for Capital Improvements.

Billing. Billing for Capital Improvements shall be as follows:

- a. For amounts due pursuant to (a) above, District shall pay 30 per cent of annual debt service costs in 12 equal monthly payments.
- b. For amounts due pursuant to (b) above, District shall pay in accordance with the operation and maintenance cost provision above.

INTERCEPTOR LINE

Annual Fee. District shall pay to City an annual fee for the maintenance and operation of the interceptor line which is used to transmit sewage delivered from the District sewage collection system to the City collection system. Said fee shall be based upon 66 per cent of the lineal feet of the subject interceptor in proration to the total lineal feet of the City's collections system. As of September 1, 2016, this percentage is 1.62 per cent.

City of Brookings

CITY COUNCIL MEETING MINUTES

City Hall Council Chambers, 898 Elk Drive, Brookings, OR 97415

Monday, July 11, 2016

Call to Order

Mayor Hedenskog called the meeting to order at 7:01 PM.

Roll Call

Council present: Mayor Ron Hedenskog, Councilors Bill Hamilton, Brent Hodges, Jake Pieper and Dennis Triglia; a quorum present.

Staff present: Finance & Human Resources Director Janell Howard, Public Works & Development Director LauraLee Snook and City Recorder Teri Davis.

Others Present: Angela Christian and six other audience members.

Ceremonies/Appointments/Announcements

Appoint Angela Christian to TPAC.

Mayor Hedenskog moved, a second followed and Council voted unanimously to appoint Angela Christian to TPAC.

Oral Requests and Communications from the audience

There were no requests to speak to Council

Staff Reports

Wastewater Treatment Plant Contract

Director Snook presented the staff report. Ms. Snook requested Council approval to enter into a contract with Pacific Excavation Inc. for replacement of Bar Screen #1 at the Wastewater Treatment Plant in the amount of \$244,500.

Councilor Pieper moved, a second followed and Council voted unanimously to authorize the City Manager to execute a contract and issue a Notice to Proceed to Pacific Excavation Inc. for the replacement of Bar Screen #1 at the Wastewater Treatment Plant.

Bankus Park Expansion

Director Snook presented the staff report. Ms. Snook requested Council approval to enter into an agreement with Jack Henderson, owner of Mini Pet Mart to develop a landscape area on ODOT right-of-way adjacent to the Mini Pet Mart store.

Council Triglia moved, a second followed and Council voted unanimously to authorize the City Manager to enter into an agreement with Jack Henderson, owner of Mini Pet Mart, to develop a landscape area on ODOT right-of-way adjacent to the Mini Pet Mart store with funding and ongoing irrigation costs to be provided by Henderson and ongoing maintenance provided by the City.

Consent Calendar

1. Approve Council minutes for June 27, 2016
2. Accept Planning Commission Minutes for June 7, 2016
3. Accept June 2016 Vouchers in the amount of \$353,563.46
4. Reschedule August Council Workshop meeting to August 2, 2016

Mayor Hedenskog moved, a second followed and Council voted unanimously to approve the Consent Calendar.

Remarks from Mayor and Councilors

Mayor Hedenskog complimented the new mural on Chetco Avenue, located on a fence between Salon Dolce and True Elegance.

Councilor Hamilton offered his condolences to the families of the police officers slain in Dallas, Texas.

Councilor Hamilton offered his condolences to the Grants Pass families and friend of the victims of the 4th of July plane crash.

Adjournment

Mayor Hedenskog moved, a second followed and Council voted unanimously by voice vote to adjourn at 7:13 PM.

Respectfully submitted:

City Hall Council Chambers, 898 Elk Drive, Brookings, OR 97415

Monday, July 25, 2016

Call to Order

Mayor Hedenskog called the meeting to order at 7:01 PM.

Roll Call

Council present: Mayor Ron Hedenskog, Councilors Bill Hamilton, Brent Hodges and Dennis Triglia; Councilor Pieper was absent; a quorum present.

Staff present: City Manager Gary Milliman, Public Works & Development Director LauraLee Snook, Planning Manager Donna Colby-Hanks and City Recorder Teri Davis.

Others Present: Jane Stebbins from the Curry Coastal Pilot, Wesley Watkins and one other audience member.

Ceremonies/Appointments/Announcements

Yard of the Month

Mayor Hedenskog announced that the July Yard of the Month award recipients were Best Residential – Jerry Sayler of 310 Oxford Street and Best Commercial – Khun Thai Restaurant at 925 Chetco Avenue.

Councilor Hodges praised both properties for their beautification efforts.

Proclamations

Mayor Hedenskog proclaimed September 2016 as Suicide Prevention and Awareness Month.

Mayor Hedenskog proclaimed October 2016 as Bully Prevention Month

Resolutions

Volunteer Workers' Compensation Coverage

City Manager Milliman presented the staff report. Mr. Milliman requested Council adopt Resolution 16-R-1089 to elect volunteer workers' compensation coverage.

Mayor Hedenskog asked about any potential conflict of interest issues. Mr. Milliman explained it is for the purpose of premium rates only. No conflict of interest.

Councilor Triglia moved, a second followed and Council voted unanimously to adopt Resolution 16-R-1089, electing volunteer workers' compensation coverage.

Oral Requests and Communications from the audience

Wesley Watkins of 315 Oxford Street spoke to Council regarding concerns with the homeless population in Brookings.

Staff Reports

Approval of Easements for Construction of Easy Street Sidewalk

Public Works & Development Director Snook presented the staff report. Ms. Snook advised that a second easement from 1218 Easy St. had arrived late this afternoon and requested that Council approve both easements and both dedications of right of way.

Councilor Hodges moved, a second followed and Council voted unanimously to authorize the City Manager to execute documents to accept a temporary construction easements from 1200 Easy Street, the property of Trinity Lutheran Church and 1218 Easy St., the property of Anthony Bond, to accommodate construction of a sidewalk.

Councilor Hodges moved, a second followed and Council voted unanimously to accept dedications of right-of-way from 1200 Easy Street, the property of Trinity Lutheran Church and 1218 Easy St., the property of Anthony Bond, for installation of a sidewalk.

Letter of Support for Funds to Restore Coastal Zone Management Grants

Planning Manager Colby-Hanks presented the staff report. Staff requested authorization to be included on a letter to Governor Brown supporting funds to restore the Coastal Zone Management Grants.

Council debated the merits of the Department of Land Conservation and Development (DLCD) requirements, the EPA's timber laws and the content of the letter. Mayor Hedenskog agreed to attend an upcoming meeting regarding this matter.

Council Triglia moved, a second followed and Council voted unanimously to table the decision regarding supporting the letter until after Mayor Hedenskog attends the meeting.

Briefing on Open Meeting Regulations

City Attorney Martha Rice made a presentation to Council regarding Open Meeting Law.

Consent Calendar

1. Approve Public Art Committee minutes from April 13, 2016
2. Receive monthly financial report for June 2016

Mayor Hedenskog moved, a second followed and Council voted unanimously to approve the Consent Calendar.

Remarks from Mayor and Councilors

Councilor Hamilton offered his gratitude to Father Bernie Lindley and his wife who assisted him with a wheelchair issue on Pacific Avenue.

Councilor Triglia thanked Sergeant Murray and K-9 Officer Kennedy for the ride-alongs.

Adjournment

Mayor Hedenskog moved, a second followed and Council voted unanimously by voice vote to adjourn at 8:35 PM.

REGULAR AGENDA

B. Azalea Park – Tree Management Plan - Tony Baron discussed establishing a committee made up of members from City staff, Parks & Rec Commission, City Councilors, Azalea Park Foundation and the public at large to evaluate existing trees as well as develop a short and long term plan for mitigation and removal of trees. **Motion made by Commissioner Brown to establish a committee to develop a plan for tree removal; motion seconded by Commissioner Vilelle.** Discussion pursued, clarified that committee would be developing a plan for trees in City parks. Commissioner Brown advised she has seen online discussion not in support of the removal of trees on Lundeen Lane and Tony advised that the removal of trees on Lundeen has already been approved due to imminent hazard. He is hoping with the formation of this committee to engage and educate the community on tree health and safety and to develop a plan to decide which trees need to be removed and budget accordingly. Tony to develop a work plan and establish a grading system for trees. **Commission voted; the motion carried unanimously.**

INFORMATION UPDATES/DISCUSSION ITEMS

- A. Jubilee Statue Proposal** – Steven Pomerleau, 760 Old County Road, Brookings spoke to request permission to install a memorial plaque to his stepfather, Robert H. Stanhurst, a long time resident and lily grower in the area at the families expense. Tony advised he will research if guidelines exist and contact Azalea Park Foundation. Item tabled item until next meeting for further discussion and possible creation of guidelines.
- B. Azalea Park Tree Removal – Lundeen Road** - Tony advised that tree removal is scheduled in mid June and expects many people to be upset and complain. Public notice has been made and it has been on the Park & Rec agenda for public discussion. No public appeared tonite to discuss.
- C. OPRD RTP Grant** - Tony advised receipt of a \$10,000 RTP grant award for a \$17,000 project to extend the nature trail in Azalea Park and make it a full loop; work to begin summer 2017.

- D. West Family Foundation Grant – Kidtown Swing Replacement** - Tony advised receipt of a \$5,000 West Family Grant award which will go towards swing replacement at Kidtown. Also planning to have the design architect access and evaluate the structure for more replacement components.
- E. Azalea Park Ball Field Reconfiguration Project** – Tony advised Phase I of the project is progressing is very well, with the concession/restroom building to be operational by mid July.

COMMISSIONER REPORTS/COMMENTS

Commissioner Vilelle questioned if the Salmon Run Golf Course is now overseen by the Park & Rec Commission. Tony advised that it could possibly come to that. Also he had been questioned as to if the City uses reclaimed water in the Parks for irrigation. Tony advised we do not. Wondered if area near Bankus fountain is to be reseeded as weeds have filled it in, Tony said yes it could be and wondered if Don is willing to do the watering as no sprinklers reach there; Don agreed to water area. Don was curious if Tony had found where the Parks & Rec Commission had approved the caretakers residence in Azalea Park, as he could not find it in any minutes where they had. Tony will research and see if it was approved by Parks & Rec or City Council.

Commissioner Brown advised she was by the dog park and saw many people and dogs using the park.

ADJOURNMENT

Next meeting scheduled for July 28, 2016. With no further business before the Commission, the meeting adjourned at 7:50 pm.

Respectfully submitted,

Tom Bozack, Chair
(Approved at July 28, 2016 meeting)

TOURISM PROMOTION ADVISORY COMMITTEE (TPAC) MINUTES
Thursday – June 16, 2016

CALL TO ORDER

Meeting called to order at 4:05 PM

1. ROLL CALL

Present: Committee members Candice Michel, Skip Watwood, Mary Geyer and Chair Tim Patterson

Absent: Committee members Chuck Costello, Bob Pieper

Also present: Gary Milliman, City Manager

Introduction of new committee member Mary Geyer

2. APPROVAL OF MINUTES – Motion made by Candice Michel to approve the minutes of May 19, 2016, motion seconded by Skip Watwood and Committee voted; the motion carried unanimously.

3. PUBLIC COMMENT

Jane Stebbens commented that the new mural on Chetco Avenue by the Pilot was very vibrant and looked very nice.

4. ACTION ITEMS

- a. **Dining Video RFP** – Skip Watwood presented questions that Xplore Films had before they start the dining video including: Should they include restaurants in Harbor and did they want to mention restaurant names? Committee discussed and agreed showing both Brookings and Harbor restaurants would be OK, and would add a variety of restaurants and night life. Decided rather than specify restaurant names/locations to have restaurant names appear in the production credits and keep video generic. OK if restaurant name/logo were seen in video but not mentioned or promoted. Video to play on City website and various Xplore Film sites mentioned in their proposal. Thought Xplore should schedule the visits to restaurants so they are staged and prepared. Skip to contact Xplore Films with committee decisions.
- b. **2016-17 Budget** - Gary advised that the City 2016-17 budget had been adopted. There remains \$34,580 in uncommitted TPAC funds after the pending budget allocations are made. Committee discussed allocating amounts to print advertising, tv advertising, videos, and events. Suggested contact with print and TV advertisers to determine successfulness of ads, Mary advised promoters have ways to estimate number of people reached. Print advertising has seen a drop and advertising has gone to social media. Gary advised that the state has increased the Transient Occupancy Tax (TOT) revenue from 1% to 1.8% effective July 1 and they anticipate additional revenue. They are having discussions on how to allocate that additional funding. Plan to allocate a proportionate share to regional destination marketing organizations which is Oregon Coast Visitors Association (OCVA) and setting up a grant program to fund local promotional activities. It will provide an opportunity for the City to pursue partnerships with OCVA and Travel Oregon on different projects and advertising. Mary suggested talking to other cities to discuss where they are finding success in advertising for direction. Gary advised OCVA has marketing regions and City will have a more active role with them and access to their data which may answer some of those questions.

Gary advised that Salmon Run is now run by the City and he is pursuing marketing and funding projects for it, now that the City is actively involved in a tourism business more funding opportunities become available.

In pursuing TV advertising, suggested Channel 5 provide data to determine media advertising successfulness and see if other TV advertisers are interested. Suggested getting advice from OCTA as to advertising direction. Committee members expressed they are not against TV/Print ads but would like more info on if they are successful in bringing tourists. Gary to invite OCVA to next meeting.

5. INFORMATIONAL ITEMS

a. McVay Rock Disc Golf Tournament Evaluation – Michael Campbell presented event evaluation, advised they had a change in leadership which is why form was so late. They believed the first time event was successful, even though it was poor weather. Provided information on condition and maintenance of McVay Rock Disc Golf Park which is supported and maintained by the State parks. At the tournament they heard many comments on how well players liked the Salmon Run Disc Golf Course, which is a professional level course, and that they would like to come back. The group is considering a tournament series in the area. They will be talking further with Val Early, Golf Course Manager.

b. City Council Action – Gary advised the City Council approved the \$2500 TPAC grant to AMF and the Dining Video RFP. Also advised that the Rogue Relay is concluding this weekend at Azalea Park with 1200 people estimated to attend. Second year for the event and City Council approved a \$2000 sponsorship and waived fees totaling @\$2000. The relay group has not actively promoted the event to anyone other than the relay runners. Gary advised that new City Recorder, Teri Davis will be doing a new city newsletter and monthly calendar of events to email to businesses providing a heads up on upcoming events such as these.

Gary advised that he and City Attorney Martha Rice have information on new Public Meeting Laws and Rules they will be sharing with all City commissions and committees at the next committee meeting.

c. Budget and Internet Hit Info - Budget and Internet Hit Info – positive comments on the number of hits the Boardman State Park video is receiving.

6. SCHEDULE NEXT MEETING – Gary is not available for the next regularly scheduled TPAC meeting and to allow the City Attorney to attend TPAC and Park and Rec Commission meetings request TPAC meeting be rescheduled one week later to July 28th at 4:00 pm.

7. ADJOURNMENT - no further business before the Committee, the meeting adjourned at 5:30 pm.

Respectfully submitted,

Tim Patterson, Chair

(approved at July 28, 2016, meeting)

MINUTES
BROOKINGS PLANNING COMMISSION
July 5, 2016

The regular meeting of the Brookings Planning Commission was called to order by Chair Bryan Tillung at 7:01pm in the Council Chambers at the Brookings City Hall on the above date. The following Commission members and staff were in attendance:

Commissioners Present: Loren Rings, Cheryl McMahan, Gerry Wulkowicz, Timothy Hartzell,
Bryan Tillung,
Staff Present: Planning Manager - Donna Colby-Hanks; Administrator - Lauri Ziemer
Others Present: 10 audience members

PUBLIC HEARINGS

Public hearing procedures were addressed by Chair Tillung

- Chair Tillung opened the quasi-judicial hearing regarding File No. MC-1-16/MC-1-12/CUP-2-98.

File Description: In the matter of the continuation of File No. **MC-1-16/MC-1-12/CUP-2-98**, a request for approval of a minor change to an approved Conditional Use Permit authorizing the expansion of a pre-school program, Headstart, with the remodel of the existing facility to accommodate approximately 60 students. The subject property is located adjacent to the eastern boundary of Redwood Spur; Assessor's map 41-13-05CB, tax lots 9700 & 9901. Owner is SWOCC, Applicant is Curry County, Representative is Lon Samuels. Criteria used to decide this case can be found in Section 17.124.010 Day Care or Nursery School, Section 17.20.040(E) Single Family Residential and Chapter 17.136 Conditional Use Permits of the BMC. This is a quasi-judicial hearing and the Planning Commission will make a decision on this matter.

There was no ex parte contact, bias or personal interest, or conflict of interest declared. There was no objection to the jurisdiction of the Planning Commission to hear the matter. The public hearing was opened at 7:05pm. Planning Manager Colby-Hanks reviewed the staff report. The representative, Lon Samuels, attended by telephone providing details regarding the staffing model utilized by Headstart. There was no testimony from the public and the public hearing was closed at 7:23pm.

The Commission deliberated on the matter and felt their concerns regarding limiting the number of staff member could be addressed with the revision of condition #11. By a 5-0 vote (motion: Wulkowicz, 2nd McMahan) the Planning Commission voted to approve File No. MC-1-16/MC-1-12/CUP-2-98 requesting authorization to expand the pre-school program, Headstart, and remodel the existing structure. Condition #11 was revised to include a statement that any increase in the total number of staff/administration above 12 would require a minor change to the approved Conditional Use Permit. Chair Tillung made a motion to approve the final order with the revision to condition #11, which was seconded by Wulkowicz. The final order was approved by unanimous vote.

- Chair Tillung opened the quasi-judicial hearing regarding File No. CPZ-1-16.

File Description: In the matter of File No. **CPZ-1-16**, Owner Craig Byrd has requested a zone change from Single Family Residential (R-1-6) to Two-Family Residential (R-2) on a parcel located at the intersection of Alder Street and Memory Lane, Assessor's Map 41-13-05CC Tax lot 4600. The criteria used to decide this matter is found in Chapter 17.140 Amendments, of the Brookings Municipal Code (BMC). This is a quasi-judicial hearing and the Planning Commission will make a decision on this matter.

There was no ex parte contact, bias or personal interest, or conflict of interest declared. There was no objection to the jurisdiction of the Planning Commission to hear the matter. The public hearing was opened at 7:27pm. Planning Manager Colby-Hanks reviewed the staff report. The representative, Robert Hunter, 97136 Homestead Way, Gold Beach, summarized the work that has been completed on the partition project and stated he was attending to answer any questions the Commission may have. Hunter advised that one street over, Cypress Street, was developed with at least a sidewalk on one side, to connect to Railroad Street.

Judy Kaplan, 441 Buena Vista Loop, Brookings, spoke in opposition of the proposal and requested that additional off-street parking be required and requested information regarding the street standards. Jean Miller, 401 Buena Vista Loop, Brookings, spoke in opposition of the proposal stating that she was most affected as her property was directly across Memory Lane. She felt that development of the property would reduce property values. Jeff Brown, 215 Alder Street, Brookings discussed a two-story structure as decreasing his view to the ocean. Brown expressed concern regarding breakage of water mains in Alder Street.

Robert Hunter provided rebuttal stating he understood that change can be difficult but that property owners have a right to develop their property.

Staff made final comments clarifying that both zones have the same building height limitations, the street standards for both Alder Street and Memory Lane, and that decisions are made based on the criteria.

No participant requested additional time to submit materials and the representative did not request additional time for rebuttal. The public hearing was closed at 8:00pm.

The Planning Commission deliberated on the matter discussing the testimony provided, property values, and development of the property. By a 3-2 vote (motion: Wulkowicz, 2nd McMahan) with Commissioners Wulkowicz, McMahan, and Rings voting aye and Commissioners Tillung and Hartzell voting nay. Motion carried. Commissioner McMahan made a motion to approve the final order, which was seconded by Chair Tillung. The final order was approved by unanimous vote.

APPROVAL of MINUTES

By a 4-0 vote (motion: Hartzell, 2nd Rings) the Planning Commission approved the minutes of the June 7, 2016 Planning Commission meeting as presented. Commissioner McMahan abstained due to being absent from the meeting.

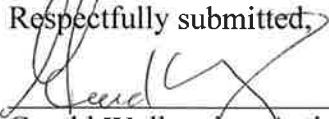

STAFF REPORT

In August, the Planning Commission will consider a zone change from single-family residential to multiply-family residential of a property on Lundeen Road and an appeal of a mural permit denial as well as a code revision to allow a one room bed and breakfast to be approved as a home occupation. The City Attorney and the City Manager will be attending the August meeting to discuss open meeting rules.

ADJOURNMENT

Meeting adjourned at 8:13 pm.

Respectfully submitted,

Gerald Wulkowicz, Acting Chair of the Brookings Planning Commission
(Approved at the 8/2/16 meeting)
