Hi George,

Thanks for sharing this- it looks pretty good to me. My comments / suggestions attached.

I'm still working on my hearing officer script. I plan to start from this one Emil sent \\deqhq1\Rule_Resources\Linked Files\hearings\HEARING.TEXT.docx and update somewhat. (It refers to mailing out hard copies of things and submitting comments by email. I want to encourage written comments to come in through the website and for people to sign up for GovDelivery if they want to be notified after.)
