Subject: Draft Agenda for DEQ-NW Natural Workshop Meeting

Hi Wes,

Attached is the updated draft agenda for the in-person workshop/meeting we've all been coordinating - targeting the last week in August based on team availability. We've updated this version based on our recent discussions and your feedback. Please let me know if you have any changes/additions or discussion. I'll plan on checking in with you early next week regarding the scheduling piece.

Thanks and have a great weekend.

-Rob
