Hi George,

Here's a link to the database I mentioned:

\\deqhq1\rule_development\Currrent Plan\AQ-Art Glass 2016 - Westersund\5-Public comment and testimony\art glass public comments.accdb

I'll give you a call and walk you through to see if the interface would work for you. Meanwhile, here is a little bit of info:

If you click on the link, Access should open and you'll be able to see the tables, queries and forms that I've set up. The form that I set up for you is 'comments+responses' and might show up like this:

If you double-click on the 'comments+responses' form, you should see the form:

You can enter the 'DEQ response' and 'notes' in the form, and flip between the 24 detailed comments we received.
