To do / discuss:
* call David Farrer, Jere High. Since OHA may be revising the hex chrome 24-hr benchmark in the future, ask if they're willing to submit a comment to that effect.
o End of public comment period is 7/29. Sounds like we wouldn't need to re-notice. (Since this is a new rule, all parts of the rule are 'in scope' in the public notice.)
* decide on staff speaker for art glass public hearing- Tuesday 7/19 at 6pm.
