I have everything ready to file with Secretary of State, all I have to do is hit the button. I will wait 15 minutes to do this. If something needs to be changed, please let me know ASAP.

Thank you.

Emil

Hi Jaclyn,

I didn't accept all changes, but they will still show up in the final version.

All of Paul's edits made it into the final version. I deleted most of his comments (while accepting the changes) but you're right, there was one comment that is still in there, and that we haven't discussed.

Paul asked whether we were planning to expand the # of metals covered in the art glass rule beyond the 6 that are currently in there. Apparently the MAOs cover more than that.

I didn't include a 'request for comment' question about that because I haven't heard it brought up elsewhere**. If anyone feels we may want to expand the list of metals in the rule, please let me know ASAP** and I'll see if it's too late to add a request for comment question about that.

Emil said it's OK to say "DEQ Staff" and decide later who the presiding officer at the hearing will be.

-Joe

Great work, everyone! I came back from my meetings and was amazed to see how swiftly this was all pulled together in the eleventh hour. Joe, I read it over and it looks good for posting. A few questions, though: is the added comment from Paul still undecided? All of the changes/track changes still show edits that need to be accepted/denied. Also, the Presiding Officer and Staff Presenter just says "DEQ Staff" and was not sure if that is a common placeholder or if we need to determine that now.

Thanks,
Jaclyn

Hi Emil,

We've completed our edits of the Notice of Rulemaking and associated documents and are ready to turn them over to you for posting & submitting. Current versions are on Sharepoint.

Thank you all for your suggestions, edits and for this morning's discussion. I appreciate how everyone is pulling together to make this better.

Emil, I'll be available in case of questions or problems.

-Joe
