I have it ready to go as soon as the EQC page is updated. Below is what the GovDelivery will look like once sent out.

Summary

DEQ proposes that the Oregon Environmental Quality Commission (EQC) approve proposed permanent rules for colored art glass manufacturers (CAGMs). This proposal is based on the temporary rules adopted by EQC in April 2016, with modifications based on new information and public comment.

DEQ has posted the staff report for the proposed Art Glass Permanent Rules. The staff report contains the proposed rules, summary of comments received, DEQ's response to comments, and the estimated fiscal impact of the proposed rules. A copy of the staff report can be found on the EQC meetings page. EQC will be taking action on the proposed rules at their Sept. 29 meeting.

I think the Govdelivery text we drafted may be helpful to the audience that's waiting for this rule proposal to come out. Emil, I'd say please go ahead and send out the art glass GovDelivery once the EQC website is updated.

Would that be OK with you, Stephanie?

We put together a GovDelivery to send out if needed. It directs people to the EQC page. The topic groups that we have been sending to is at the bottom of the linked document.

Should I send this out once the web page is updated or just have Stephanie send her message?
