Hi Stephanie,

Attached are copies of the edited art glass rule language and staff report. I made the staff report edits starting with the version you sent to the Director, so hopefully you will not have to repeat too much of your reformatting. I didn't have Word copies of your versions of the rule language so you may have to do more reformatting there. There were no changes to the fiscal impact tables.

These documents are ready for your formatting edits and review by the Director if desired.
