Subject:	schedule for art glass permanent rulemaking

Hi Katherine,

We don't have much info about the schedule for this rulemaking up on the website yet, though I hope to get that done.

I've attached a copy of the timeline slide I showed during the meeting on Friday. Here's my summary of the process from here:

The fiscal advisory committee requested a 2nd meeting, and I'm looking to see if I can schedule one (not shown on timeline). The first green bar is DEQ considering the fiscal advisory committee's input and writing the Notice of Rulemaking, a document which describes the proposed rule changes and includes the fiscal impact statement. We plan to submit & post the Notice of Rulemaking on June 15th, which will start the public comment period. The public comment period will run to July 29th and I'm planning to schedule the public hearing for mid-July.

The second green bar is DEQ reading and categorizing the comments that came in during the public comment period, including at the hearing. DEQ may but is not required to revise the proposed rule and/or Notice of Rulemaking document as a result of those comments.

DEQ then sends the Notice of Rulemaking to the EQC for them to read and ultimately vote on.

Hopefully this is helpful, feel free to email or call if you have further questions.

-Joe

Hi Katherine,

Here is the website for the rulemaking:
http://www.oregon.gov/deq/RulesandRegulations/Pages/2016/Rartglass2016.aspx

Joe has the details on the schedule that I didn't see on the website. He can tell you when public notice starts and the approximate date of the public hearing.

Thanks for coming on Friday!
Jill

Good Morning,

I have been looking on the DEQ site but I can't find anything about the process for making the Temp Rules for CAGMs permanent.

Step one was, I presume, the fiscal impact meeting.
Do you have a timeline of further steps like these that will occur before the September

deadline?

Thanks,
Katharine Salzmann
