Subject: a heads up: art glass rulemaking Notice of Rulemaking will need quick turn review on 6/14

Hi All,

I'm plotting out the schedule for the art glass permanent rulemaking. The fiscal advisory committee requested a 2nd meeting, which means there will be a tight timeframe for me to prepare and for you to review the Notice of Rulemaking package.

Here's a timeline:
~Friday, 6/10: 2nd meeting of the fiscal advisory committee
Monday 6/13: I revise the Notice of Rulemaking based on adv comm comments, and send to you by the end of the day
Tuesday 6/14: Here's where I need your help, for a quick-turn review on the Notice of Rulemaking (reviewing & resolving questions by the end of the day)
Wednesday, 6/15: I make revisions per your comments. Emil sends Notice of Rulemaking package to the Secretary of State by the end of the day.

Are you willing / able to block out time the morning of Tuesday 6/14 to review the Notice of Rulemaking package (staff report, etc)?

-Joe
