I am placing a separate fiscal impact statement in the stakeholder involvement section of your SharePoint. You should use that one to present to the AC, rather than excerpting from the rulemaking notice.

Subject: BW rulemaking - AC meeting

Hi Meyer,

We have scheduled our 3rd (and hopefully last) ballast water advisory committee meeting for Monday 2/29.
Please update our webpage announcing the meeting at your earliest convenience.
The draft agenda for the forthcoming meeting, as well as the draft minutes and ppt from our 2nd meeting are available on the sharepoint site and can be added during the webpage update.

Also, fyi, I intend to provide the necessary fiscal and economic impact statements to the AC at the 2/29 meeting, so let me know if there is any additional information you want included related to the noise rules/tables component of the rule package.

Thanks,
Rian
