Meyer,
I've copied the rule hearing recording to the directory linked below.

Rian

Thanks. Where we want to store it permanently for the rulemaking record is here:

- \\deqhq1\Rule_Development\Currrent Plan\LQ-ballast2016-Hooff\5-Public comment and testimony\meeting audio file

Generally, SharePoint is for documents we need to share and edit, and the rule_development drive is where we store items for long-term archiving during the rulemaking.

I've already downloaded a copy to my desktop and can put a copy on share point for you tomorrow when I return to the office.
Rian

Sent from my mobile - excuse any typos.

Rian,

I want to download the recording of the public hearing for your rulemaking, unless you have already done this. I have the phone number and participant code, but I need the host code to download the recording. Can you please provide me with that code?

Thank you,
