Hello Lydia,
It appears that Meyer modified the path/directory name for the ballast water rulemaking forms that need your review/approval.
The considerations and resources forms are now located at:
\\deqhq1\Rule_Development\Currrent Plan\LQ-ballast2016-Hooff\1-Planning

Please let me know if you will be unable to complete the review/approval before cob tomorrow.
Thank you.

Rian

Rian,
I have reviewed the considerations and resources forms. I was unable to save the file after inserting my approval date. When I do so, it gives me an error message concerning the file being open by someone else. Meyer, if you have any suggestions, I'm all ears.

Bruce,
Please see attached 'considerations' and 'resources' rulemaking planning forms that I have completed and now need approval from you – and then Lydia – by September 9th. Once approved, Meyer will bring the rulemaking proposal before Dick for his review and consideration on whether we may proceed.
The completed forms for the two ballast rulemaking forms that need approval can be found at:
\\deqhq1\Rule_Development\Currrent Plan\WQ-ballast2016-Hooff\1-Planning

Once you have reviewed/approved, please forward this email and request to Lydia for her consideration.

Thanks,
Rian
